ABSTRACT AWARD RECIPIENTS

CONGRATULATIONS to the following paper and poster award winners. Winners of named or category awards will be identified by a red award icon on the Conference Platform site; posters that receive a named or category award will be identified by a ribbon pinned to their poster in the Poster Hall. With the exception of Presidential Poster Awards and Outstanding Poster Presenter designation, each award carries with it a grant of $1,000 for the presenting author.

The Presidential Poster Award is determined by the Abstract Selection Committee. Each year approximately 5% of accepted abstracts receive this distinction for high quality, novel, unique and interesting research. Winners of this award will be identified by a blue award icon on the Conference Platform site, and by a ribbon pinned to their poster during the ACG 2022 poster sessions in the Poster Hall.

Posters receiving both a named or category award plus a Presidential Poster Award are identified here with an asterisk (*). All oral papers and poster abstracts will appear in the Supplement to the October 2022 issue of *The American Journal of Gastroenterology*; the supplement ID is listed in parentheses after the poster ID.

Presenting authors are underlined.
