Terms and Conditions

Orders must be canceled at least one week prior to the event to avoid a cancellation fee. The cancellation fee is 50% of the total charge for orders canceled five to seven days prior to the event and 100% of the total charge for your orders canceled less than five days prior to the event.

For exhibitors renting devices, once in possession the exhibitor is responsible for 100% of the value of lost and/or damaged equipment. All equipment must be picked up and returned at the TRC Service Desk. Web login credentials to access your leads will be provided onsite at pickup. A post-event email from admin@trcbadgerite.com will be sent to you as well.

Please provide an accurate email address above. *Please make sure you receive a confirmation to ensure your order was placed for the event.

*Data Reconciliation

For security purposes, the American College of Gastroenterology limits the attendee data a company will see when a badge is scanned. The best way to ensure you receive a full data report of all scanned badges is to rent a scanner through the official ACG vendor, TRC. If you choose to use your own lead retrieval service you will still be able to obtain an attendee report post-conference through a TRC data reconciliation. Ordering this will give you access to the scanned attendee full data within 2 business days after we have received the list of scans. If you have any further questions regarding this, feel free to reach out to TRC directly at LEDorders@trcbadgerite.com

GDPR Compliance

TRC complies with the GDPR. When you scan an attendee badge during the event this constitutes an introduction and understanding that you (as an exhibitor) will receive attendee details and are able to contact them after the show under the legal grounds of 'legitimate interest.' However, within that initial contact you must provide attendees with an option to opt out of future mailings/emails.

When you scan an attendee pass, you may receive the below information (as provided by attendees when registering for this event). Show management has the right to provide additional or remove any of the below data fields from the reporting as they see fit.

- FirstName
- LastName
- JobTitle
- Company
- WorkAddress1
- WorkAddress2
- WorkCity
- WorkState
- WorkZip
- WorkCountry
- WorkPhone
- Email
- The answers to any survey questions / qualifiers saved to each scanned lead's record by the scanner/app user
- Any photos / voice memos saved to each scanned lead's record by the scanner/app user
