GOING HYBRID! ACG 2021 ANNUAL SCIENTIFIC MEETING & POSTGRADUATE COURSE

Your ACG, Your Way

Dear Colleagues:

I could not be more proud or excited to say: We're back! It is my distinct honor to invite you to reconvene with your friends and colleagues in the GI community when we gather live and in-person for ACG's 2021 Annual Scientific Meeting and Postgraduate Course for what will be a hybrid meeting.

The spirit of collegiality, connection and camaraderie that is the hallmark of the ACG Meeting experience animates all the plans we are making for this year's hybrid meeting – with attendees having the option of registering to attend in-person in Las Vegas, virtually via the online platform, or both. We want to make it easy for you to reconnect for learning.

The in-person meeting will take place October 22 to 27 at the Mandalay Bay in Las Vegas, with appropriate safety protocols in place. Virtual access to the sessions will begin on October 22 and will be available to both in-person and virtual attendees on the conference platform until March 31, 2022.

I am very grateful to Dr. Millie Long and Dr. David Hass, this year's Co-Directors of the Postgraduate Course. I want to thank Dr. Brooks Cash and the incredibly hardworking members of the ACG Educational Affairs Committee who have planned a scientific program which promises a timely, insightful, and meaningful learning experience against the backdrop of our first chance to assemble since the pandemic. The immersive three-day clinical review builds upon the weekend Postgraduate Course with excellent Friday courses, including sessions on GI Pathophysiology, GI Pharmacology, and a Practice Management Summit, "Defining a New Normal."

A Historic Opportunity to Reconnect, Renew Friendships, Refresh Your Knowledge

ACG 2021 will be a tremendous opportunity to connect with old friends and make new ones. We could not be more pleased to host the return to in-person clinical learning for the GI profession; a historic chance to interact with your peers while you experience current and clinically relevant teaching and improve your practice of gastroenterology through the exchange of ideas.

There will also be extraordinary opportunities to expand your professional horizons thanks to our distinguished lecturers: my friend and mentor Dr. Jerome Waye will deliver the David Sun Lecture at the Postgrad Course, Dr. Amy Oxentenko presents The American Journal of Gastroenterology Lecture, Dr. William D. Chey will deliver the J. Edward Berk Distinguished Lecture, Dr. Darrell Gray will present the Emily Couric Memorial Lecture, and Dr. Marla Dubinsky will present the David Graham Lecture.

Back to All That You Value about ACG

Among the things we have most missed about being together in person for learning are the chance encounters to connect with colleagues and signature programs such as our Hands-On Endoscopy Workshops, the EndoTitans competition for GI fellows, and celebrating the efforts of the GI profession in the fight against colorectal cancer at the SCOPY Awards. The hallways will be buzzing with conversations, the clinical education will be relevant and unparalleled – you do not want to miss being part of ACG 2021.

ACG Annual Scientific Meeting Still a Free Member Benefit

The ACG Annual Scientific Meeting is the ONLY major GI meeting that is still offered as a member benefit at no extra charge. ACG members also receive discounted registration rates for the Postgraduate Course and Friday courses. One reason the College can continue to offer this as a member benefit is the participation of exhibitors at the meeting. Exhibitor participation in the Exhibit Hall, as well as exhibitor sponsorship and promotion, helps to offset costs for the meeting. I encourage every attendee to visit the Exhibit Hall while at ACG 2021, take advantage of all that you can see and learn, and express your appreciation to our exhibitors for their participation at the meeting and their stalwart support during the pandemic at last year's Virtual ACG 2020 experience.

The Exhibit Hall Opening Reception will be held on Sunday, October 24, immediately following the Postgraduate Course. Mix and mingle with colleagues while browsing the Hall and viewing the scientific posters. It will be a grand celebration!

Connected. Convenient. Celebratory.

We have all lived through an extraordinary time in medicine and a tumultuous time in our world. As the College looks ahead to gathering again in person, we recognize the unquestionable sacrifices and losses of the pandemic for so many, but we hope you join us in a sense of optimism and opportunity that comes from being part of a scientific meeting that will be connected, convenient, and celebratory.

Take a moment to register today! I look forward to seeing you at ACG 2021.

– Dave

THE ACG 2021 CONFERENCE PLATFORM *is Open!*

THE ACG 2021 CONFERENCE PLATFORM IS FOR ALL

PARTICIPANTS, both those attending in-person in Las Vegas and those attending virtually. Use the Conference Platform to:

- ✓ Browse the sessions, presentations, speakers, and abstracts.
- ✓ Build a personal schedule of sessions and events of interest.
- ✓ Connect with other participants via message or video chat.
- ✓ Watch daily livestream sessions and on-demand presentations (based on registration).
- ✓ Access and download the slide presentations.
- ✓ Visit the ePoster Hall and interact with poster authors.
- ✓ Explore the Virtual Exhibit Hall

CREATE A CUSTOM SCHEDULE

Once you have created your account, you can build a personal schedule. Search by course, title, speaker, keyword, and more. The My Favorites tile on the home page will display your personal schedule. Plan several visits to the Conference Platform before the meeting to fine-tune your schedule as the agenda is updated with new exhibitors, and accepted paper and poster abstracts.

NETWORKING AND CONNECTION

The Conference Platform offers extensive networking opportunities through its My Experience feature, giving participants the ability to connect via message or video chat with other participants based on shared areas of interest. The Platform will also recommend presentations, sessions, and exhibitors of interest, based on your personal account.

DAILY LIVESTREAMING

Starting October 22, sessions will be livestreamed from Las Vegas each day, and broadcast in Pacific Time on the Platform website (livestream sessions will NOT be available in the mobile app). (Note: To watch livestream sessions, you must be logged in with your platform account.) With the exception of the Friday Practice Management Summit, all courses will be livestreamed. (Note: Both the Postgraduate Course and the Annual Scientific Meeting include daily simultaneous sessions. ACG will livestream one of the simultaneous sessions, and record and post the other(s) as on-demand content after the meeting.)

ON-DEMAND PRESENTATIONS AND SLIDES

Both in-person and virtual registration include access to recorded on-demand content and to presentation slides (based on course registration) on the Conference Platform. Educational sessions will be recorded and available after the meeting as on-demand content through March 31, 2022. Registrants who purchase Bonus Sessions will be able to watch these sessions as on-demand recordings on the Conference Platform starting October 22, 2021 until March 31, 2022.

VIRTUAL EPOSTER HALL

View the latest in clinical research with the ACG 2021 ePoster Hall on the Conference Platform! Colleagues will share their latest research as well as interesting cases/clinical vignettes. Browse thousands of high-quality digital posters, listen to recorded audio of presenters explaining their findings, easily search by keyword, and submit questions directly to poster authors. All participants will have access to the virtual ePoster Hall until March 31, 2022.

VIRTUAL EXHIBIT HALL

In addition to the in-person Exhibit Hall in Las Vegas, ACG 2021 will feature a Virtual Exhibit Hall component with new, dynamic features designed to enhance your experience. All participants will have access to the Virtual Exhibit Hall on the Platform until March 31, 2022. As always, your support of the ACG exhibitors is vital as it allows the ACG to keep offering the Annual Scientific Meeting FREE for members.

Visit the ACG 2021 Conference Platform

To create an account, you will need the order number listed on the confirmation email you received after registering for ACG 2021. (If you do not receive an email, please contact **registration@gi.org** or call **301-263-9000**)

All ACG 2021 registrants are strongly encouraged to create a Conference Platform account and explore the site prior to the start of the meeting. While anyone can preview this site without logging in, you must be logged in with your account in order to attend any livestream sessions, view presentation slides, and connect with other participants.

Special Events

and Receptions

EXHIBIT HALL OPENING WELCOME RECEPTION

Sunday, October 24, 5:15 pm – 7:00 pm

Immediately following the conclusion of the Postgraduate Course, join colleagues for the ACG 2021 Opening Welcome Reception in the Exhibit Hall. The reception will feature hors d'oeuvres and refreshments.

ADVANCED PRACTICE PROVIDER RECEPTION

Friday, October 22 | 5:30 pm – 6:30 pm

Breakers K

All NP/PA ACG 2021 attendees are invited to attend. Hosted by the Advanced Practice Providers Committee.

GENETIC TESTING AND COUNSELING: INCREASING THE OPPORTUNITY FOR EARLIER DETECTION AND TREATMENT OF HEREDITARY CANCERS

Sunday, October 24 | 9:40 am – 10:20 am

Mandalay Bay Ballroom J

Access to GI focused state-of-the-art genetic testing and expert counseling provides an important enhancement to clinical care for patients at risk from hereditary cancers. ACG's GI OnDEMAND, powered by world class Ambry Genetics' CARE platform, provides access to next generation genetics testing and expert counseling – at no cost to ACG members. Presented by a team of world class genetic experts, this presentation will detail why your peers are adding this powerful tool to their practices and how you can do it as well.

ACG SCOPY AWARD CEREMONY & WORKSHOP

Sunday, October 24 | 3:30 pm – 5:00 pm

Mandalay Bay Ballroom L

Come join members of the ACG Public Relations Committee and celebrate your colleagues who will receive 2021 ACG SCOPY Awards. Be inspired by the best, most innovative and impactful community education programs to raise awareness of colorectal cancer and enjoy a cocktail reception. SCOPY is ACG's Service Award for Colorectal Cancer Outreach, Prevention and Year-Round Excellence.

The ACG 2021 SCOPY Awards Reception is brought to you by PE GI Solutions.

CELEBRATING DIVERSITY IN ACG RECEPTION

Sunday, October 24 | 5:15 pm – 6:00 pm

Breakers K

Gather to celebrate diversity in ACG and connect with colleagues. Hosted by the Women in GI Committee and the Diversity, Equity & Inclusion Committee.

The Celebrating Diversity in ACG Reception is brought to you by Takeda Pharmaceuticals, U.S.A., Inc.

HEALIO DISRUPTIVE INNOVATORS AWARDS

Sunday, October 24 | 7:00 pm – 9:00 pm

Mandalay Bay Ballroom K

Join us at this exclusive event presented by ACG's media partner, *Healio Gastroenterology and Liver Disease*, as we honor Disruptive Innovators in eight different categories. Each of these awardees has changed the face of gastroenterology and pushed the status quo toward the betterment of the field. As a true testament to Healio's peer-tested approach, their Peer Perspective Board and "Healio 200" GI experts vote on the awardees.

ACG PRESIDENT'S ADDRESS

DAVID SUN LECTURE

Colon Polyps: Going and Gone

Jerome D. Waye, MD, MACG

Saturday, October 23 | 10:20 am - 10:50 am

Join Jerome D. Waye, MD, MACG, as he discusses the history of colon polyps and what may happen in the future.

Dr. Jerry Waye was born in Shanghai, China and came to live in Kankakee, Illinois when he was five years old and later moved to New Jersey until attending the Massachusetts Institute of Technology in Cambridge, Massachusetts. While at MIT, he was the coxswain of the crew team which won every race in his senior year and then won their event at the Henley Royal Regatta in England. He went on to attend Boston University Medical School where he was on scholarship and worked three jobs: one was on the Third Surgical Service at Boston City Hospital where he arose at 4:30 each morning to draw blood on 60 surgical patients. In the evening, he worked in the laboratory at Deaconess Hospital and at a private mental infirmary.

He came to New York for internship and residency as well as a GI Fellowship and has stayed at Mount Sinai Hospital ever since. During his GI fellowship, fiberoptic instruments were acquired but the teachers of rigid instruments paid them little attention. In the next three years, advances in technology overcame the two instructors of rigid procedures who resigned and Dr. Waye became the new chief of endoscopy as fiberoptic scopes completely replaced the rigid instruments. Following completion of training, he went into private practice but remained chief of endoscopy for over 20 years. Dr. Waye developed an interest in colonoscopy when those instruments first came out and also in ERCP.

Dr. Waye traveled to Japan to learn how to do ERCP and came back to perfect the technique and then introduced this procedure to New York where he traveled on weekends around the city to teach ERCP at various hospitals. When the era of therapeutic ERCP began, Dr. Waye made a decision that he would rather perform colonoscopy and devoted himself to that technique.

During 51 years in private practice, he developed techniques that circumvented the need for fluoroscopic imaging during colonoscopy and various new approaches to the performance of colonoscopy and polypectomy. While in private practice, he wrote seven books including the major text on colonoscopy and became a professor of medicine. Dr. Waye has written over 200 papers in peer reviewed journals and has lectured and participated in live endoscopy demonstrations in every continent with the exception of Antarctica. He has been made an honorary member of seven gastroenterology and endoscopy societies. In his spare time, he pursued an interest in magic and was often the evening entertainment at international GI conferences. Dr. Waye has served as President of the ACG, the ASGE, and more recently, the World Endoscopy Organization. He was a founding member of the New York Society for Gastrointestinal Endoscopy, and also served as its President. He was also President of the Mount Sinai Alumni Association and received its highest honor, the Gold Headed Cane Award. He has been given the highest honors of the ACG and the ASGE, the Samuel Weiss Award and the Schindler Award, respectively. Dr. Waye joined the full time staff of the Division of Gastroenterology at the Icahn School of Medicine at Mount Sinai 5 years ago and developed the Center for Advanced Colonoscopy and Therapeutic Endoscopy at Sinai (CACTES). He retired from practice on the last day of 2019.

Since then, Dr. Waye has traveled to Ethiopia and Uganda to teach seminars in colonoscopy. He has continued to teach and is the first person to train doctors in endoscopy remotely via the Zoom platform.

1 The David Sun Lecture, held during the Postgraduate Course, was established by Mrs. Sun in memory of her husband, Dr. David Sun, an outstanding gastroenterologist and investigator. Each year, a lecturer with a distinguished background in gastroenterology or an allied field is chosen by the ACG President subject to the approval of the ACG Educational Affairs Committee and the Board of Trustees.

THE AMERICAN JOURNAL OF GASTROENTEROLOGY LECTURE

Hidden in Plain Sight: Bringing Women Into the Scope of Gastroenterology

Amy S. Oxentenko, MD, FACP

Monday, October 25 | 3:05 pm - 3:35 pm

Learn how to appreciate the impact of women on the history of medicine and gastroenterology when Dr. Amy Oxentenko presents *The American Journal of Gastroenterology* Lecture.

Amy S. Oxentenko, MD, FACP, is a Professor of Medicine, and serves as Chair of Medicine for Mayo Clinic in Arizona. She completed Residency, Chief Residency, and GI Fellowship at Mayo Clinic in Rochester, being a recipient of the IM Residency's Outstanding Achievement Award, the GI Division's Bargen Award, and the Institutional Mayo Brothers' Distinguished Fellowship Award. She served as APD for both the GI Fellowship and IM Residency before taking over as PD of the GI Fellowship/Advanced Fellowship Programs, later serving as IM Residency PD for one of the largest GME programs in the country, a role she served for 7 years. She has served as Associate Chair for Education for GI and an Associate Chair for the Department of IM. She is a prior Co-Director and Co-Editor of Mayo's GI Board Review Course and Book, respectively. She has been an author and editor for GI MKSAP. She has served as the GI content writer for the IM In-Training Examination. She is past Chair of ACG's Women in GI and Self-Assessment Test committees, a past member of ACG's Training, Educational Affairs and Professionalism Committees. She helped to create and Co-Chaired the ACG Train-the-Trainer program, and serves on the WGO's TTT Program Advisory Committee. She is a prior ACG representative for the Multi-Society GI Program Director Caucus. She received the ACG/Salix Leadership Training Award and attended the High Potential Leadership Program at Harvard Business School. She serves on the Executive team of the ACGME Review Committee. She has served as Senior Associate Editor for the AJG. She was a recipient of the Department of IM Distinguished Contributions to Medical Education Award, Mayo's Program Director of the Year Award, and Mayo's prestigious Distinguished Educator Award. She joined the ACG Board of Trustees in 2017 and currently serves as Secretary for 2020-21.

1 The AJG Lecturer was chosen by the co-editors of The American Journal of Gastroenterology with approval from the ACG Educational Affairs Committee and the Board of Trustees.

J. EDWARD BERK DISTINGUISHED LECTURE

The End of the Beginning: Megatrends in Gastroenterology

William D. Chey, MD, FACP

Tuesday, October 26 | 10:05 am - 10:35 am

William D. Chey, MD, FACP, received his BA degree from the University of Pennsylvania, and a medical degree and training in internal medicine at the Emory University School of Medicine. He completed a fellowship in gastroenterology at the University of Michigan in Ann Arbor. Following fellowship, Dr. Chey has remained at the University of Michigan, where he is currently the Timothy T. Nostrant Collegiate Professor of Gastroenterology, Director, GI Physiology Laboratory, Medical Director, Michigan Bowel

Control Program, and Director, Digestive Disorders Nutrition and Behavioral Health Program. He was awarded a joint appointment in the Department of Nutrition Sciences in 2015. His research interests focus on the diagnosis and treatment of disorders of gut-brain interaction and *H. pylori* infection. He is a medical innovator and holds 3 patents. He co-founded "My Total Health," a company developing novel health information technology solutions for persons with GI problems. Dr. Chey has authored more than 350 manuscripts, reviews, chapters, and books. He served as Co-editor-in-Chief of *The American Journal of Gastroenterology* from 2010–2015. Dr. Chey is a member of ACG's Board of Trustees and the Board of Directors of the Rome Foundation. He will become ACG Secretary in 2021. In 2014, Dr. Chey was inducted into the Clinical Excellence Society of the Department of Medicine, received the Dean's Outstanding Clinician Award, and was inducted into the League of Research Excellence at the University of Michigan. In 2015, he was inducted into the Clinical Excellence Society at UM and received the Distinguished Clinician Award from the AGA. In 2019, he received the Dean's Award for Innovation and Commercialization. In 2020, Dr. Chey was awarded the prestigious Berk-Fise award from the ACG.

❶ *The J. Edward Berk Distinguished Lecture is awarded to individuals prominent in gastroenterology or a related area. The lecturer is nominated by the ACG President and the appointment is subject to approval by the Board of Trustees. The lectureship was established in recognition of the significant contributions made by J. Edward Berk, MD, MACG, to clinical gastroenterology during his long and distinguished clinical and academic career.*

EMILY COURIC MEMORIAL LECTURE

Changing the Narrative on Colorectal Cancer Prevention: Translating Stories to Partnership, Policy, and Practice

Darrell M. Gray, II, MD, MPH, FACG

Tuesday, October 26 | 4:30 pm – 5:00 pm

Join Dr. Darrell Gray as he delivers the Emily Couric Memorial Lecture and discusses ways to enhance CRC screening uptake and improve CRC outcomes in diverse communities.

Darrell M. Gray, II, MD, MPH, FACG is a gastroenterologist, public health professional, and researcher whose work aims to advance health equity through innovation in care delivery, community engagement, and addressing drivers of health outside the walls of healthcare. He served as Medical Director of Healthy Communities and Deputy Director of the Center for Cancer Health Equity at The Ohio State University Wexner Medical Center and Comprehensive Cancer Center, respectively. There, Dr. Gray founded the Provider and Community Engagement Program for Health Equity in Colorectal Cancer Prevention, an initiative recognized with a National Colorectal Cancer Roundtable National Achievement Award and multiple ACG SCOPY Awards. Dr. Gray now serves as the inaugural Chief Health Equity Officer for Anthem, Inc.

Within the ACG, Dr. Gray is Chair of the Diversity, Equity and Inclusion Committee. He also serves on FightCRC's medical advisory board, the editorial advisory board for *Lancet Gastroenterology and Hepatology*, and the board of directors for the Association of Black Gastroenterologists and Hepatologists.

Dr. Gray is a native of Baltimore, Maryland and graduate of Morehouse College and Howard University College of Medicine. He completed his residency at Duke University Medical Center and Gastroenterology fellowship at Washington University. He subsequently earned a Master's in Public Health at the Harvard T.H. Chan School of Public Health as a Commonwealth Fund Fellow.

Dr. Gray has received numerous awards in recognition of his clinical, research, and leadership accomplishments, yet he considers his roles as husband to wife Brittney and father to children Harper, Ella, and Noah as his crowning achievements.

❶ *The Emily Couric Memorial Lecture, developed by the ACG, the Virginia Gastroenterological Society, and the Old Dominion Society of Gastroenterology Nurses and Associates, is in honor of Virginia State Senator Emily Couric, who died of pancreatic cancer in October of 2001. Senator Couric was a strong advocate for health care issues, particularly in her instrumental work to pass the nation's first legislation mandating health insurance coverage for colorectal cancer screening.*

DAVID Y. GRAHAM LECTURE

Navigating the Road From Precision to Prevention in IBD

Marla C. Dubinsky, MD

Wednesday, October 27 | 10:20 am – 10:50 am

Attend Dr. Marla Dubinsky's David Y. Graham Lecture and gain a better understanding of biomarkers for monitoring inflammation, as well as the use of prognostic factors to guide IBD therapy.

Marla C. Dubinsky, MD is a Professor of Pediatrics and Medicine at the Icahn School of Medicine at Mount Sinai, New York. Dr. Dubinsky received her medical degree from Queen's University, Canada. She completed her pediatric residency at Alberta Children's Hospital, Calgary, Canada, and her clinical fellowship in gastroenterology and nutrition at Sainte-Justine Hospital at the University of Montreal, Canada. She completed her research fellowship in IBD at Cedars-Sinai Medical Center in Los Angeles, CA, where she served as the Director of the Pediatric IBD Center before going to Mount Sinai as the Chief of Pediatric Gastroenterology and Nutrition at the Mount Sinai Kravis Children's Hospital and Co-Director of the Susan and Leonard Feinstein IBD Clinical Center. Dr. Dubinsky is also the Co-Director of the IBD Preconception and Pregnancy Planning Clinic at Mount Sinai. She is the Co-Founder of Mi-Test Health, and Cornerstones Health which is a non-profit organization dedicated to enhancing and transforming communication between health care providers, patients, and industry partners through creative, comprehensive, and expert-based educational programs. She is also the Co-Founder of Trellus Health, a resilience-driven, connected health solution for chronic conditions.

Dr. Dubinsky has been engaged in inflammatory bowel disease (IBD) clinical and translational research for over two decades. Dr. Dubinsky's primary research focuses on developing predictive models and web-based decision support tools that integrate clinical and biomarkers to predict the natural history of IBD and response to therapy. She has a keen interest in personalized medicine in IBD and her research uncovers predictors of rapid disease progression with the goal of preventing complications by altering treatment plans. Dr. Dubinsky is the principal investigator of multiple large longitudinal cohorts including the Road to Prevention Multiplex Family Program at Mount Sinai with over 700 enrolled participants with a goal of using multi-omic data to predict the development of IBD in unaffected family members and co-investigator of the Risk Stratification and Identification of Immunogenetic and Microbial Markers of Rapid Disease Progression in Children with Crohn's Disease (RISK) study and senior author on the manuscript presenting a model to predict the natural history of pediatric Crohn's disease. Dr. Dubinsky is very committed to women's reproductive health in IBD and in addition to her research in this field, she is the Co-founder of WECARE in IBD, an organization dedicated to the health of women with IBD. She has lectured widely, both nationally and internationally, and has published in more than 220 peer-reviewed journals, including *Gastroenterology*, *Lancet*, *JAMA*, *The Journal of Pediatric Gastroenterology and Nutrition*, *The Journal of Crohn's and Colitis*, *Inflammatory Bowel Diseases*, and *The American Journal of Gastroenterology*.

❶ *The Graham Lecturer is chosen by the ACG President and is subject to approval by the Board of Trustees. Established in 2004 in recognition of the many contributions to clinical gastroenterology made by David Y. Graham, MD, MACG, this named lectureship was made possible through a donation by Otsuka Pharmaceutical Co., Inc., and Meretek Diagnostics, Inc.*

GI JEOPARDY: BUZZ IN FOR YOUR TRAINING PROGRAM

Saturday, October 23, 2021 | 5:30 pm - 7:00 pm

ACG's favorite quiz show, GI Jeopardy, is back! Contestants are all current Fellows-in-Training, but all are welcome to attend the competitive final round, a spirited GI version of the television classic. Watch this year's teams as they match wits and compete for the chance to bring home the coveted GI Jeopardy trophy. This competition begins in July with a preliminary round open to all North American GI training programs. Groups of fellows take an online test on a variety of GI topics and diseases. The top five scoring programs are then invited to send two-person teams to compete in front of a live audience at ACG 2021.

TRAINEES LUNCH SESSION: GASTROENTEROLOGY BEYOND THE CLINIC

Sunday, October 24, 2021 | 12:40 pm - 1:40 pm

Enjoy a special luncheon session reconnecting with colleagues and interacting directly with our panel of ACG leaders as they discuss exciting and fulfilling ways to enhance a gastroenterologist's clinical career including: community, mentorship, and committee involvement as well as diversity, and legislative and advocacy efforts. Don't delay as this luncheon sells out every year.

This luncheon is available in-person to all trainees in gastroenterology and hepatology, and has a fee of \$25. To register, please visit the ACG 2021 registration page at acgmeetings/gi.org/meeting-info/registration.

ENDOTITANS HANDS-ON CHALLENGE

Sunday, October 24, 2021 | 5:00 pm - 7:00 pm

The EndoTitans Challenge is back! Join us in the Hands-On Workshop area of the Exhibit Hall to cheer on the competitors. Winners will take home both bragging rights and a travel grant for ACG 2022.

HANDS-ON ENDOSCOPY WORKSHOP CENTER: TRAINEE-ONLY SESSIONS

Monday, October 25, 2021 | 7:45 am - 9:30 am

The always-popular FREE Hands-On Workshop Center sessions will again be offered in the Exhibit Hall. Expert faculty will demonstrate techniques and devices. Attendees will then have an opportunity to practice using the equipment. Each session will feature a wide variety of equipment and products. Pre-registration for these trainee-only sessions is required. Trainees are also welcome to participate in any of the hands-on sessions being offered on Sunday - Tuesday.

THE CONFERENCE PLATFORM IS OPEN!

Register today and start building your personal schedule for ACG 2021.

Use the Conference Platform to prioritize your time by planning your on-site activities in advance—browse and bookmark the sessions, view presentations, posters, and events, and explore the Exhibit Hall layout and exhibitors.

To create an account, you will need the ACG order number listed on the confirmation email you received after registering for ACG 2021 (see page 8 for details about the Conference Platform). When the meeting app is available in October, your Conference Platform schedule will sync to the app on your device, for use at the meeting in Las Vegas.

VISIT THE PLATFORM: eventscribe.net/2021/ACG2021

Note: only registered attendees will be able to create accounts and save itineraries that will sync to the meeting app.

ACG 2021 Meeting App

Included with your registration is complimentary access to the course presentations via the ACG 2021 Meeting app, which will be available within the ACG Mobile App. **(NOTE: A printed syllabus will not be provided.)**

The app can be used to view faculty presentations on mobile devices, and offers note-taking and highlighting capabilities. Pre-registrants will receive access to the app prior to the course, to view, download, or print the presentation slides. On-site attendees can use the app to download slides onto a mobile device and take notes during the presentations, view speaker bios and the list of exhibitors, participate in the Exhibit Hall Scavenger Hunt, view the ePosters, and much more! Handouts and slides will remain available on the ACG mobile app after the ACG 2021 Conference Platform closes in March of 2022 (see page 8 for details about the platform).

FRIDAY COURSES

⌚ ALL TIMES ARE PACIFIC

GI PATHOPHYSIOLOGY COURSE

Friday, October 22, 2021 | 7:00 am - 12:30 pm | Mandalay Bay Ballroom H

Course Directors: Darwin L. Conwell, MD, MS, FACP, and Ikuo Hirano, MD, FACP

i This program will be held in-person, livestreamed, recorded, and available as on-demand content after the meeting.

COURSE DESCRIPTION

Gain a better understanding of gastrointestinal disease processes and their impact on clinical presentation of patients when you attend the GI Pathophysiology Course. Experts will review the underlying causes and clinical implications of commonly encountered diseases seen in practice.

The course will include discussion of GI and hepatic implications of COVID, adverse effects of PPIs, scientific foundations of novel immunologic approaches to IBD, the rationale for targeting eosinophils in achalasia, eosinophilic GI disease, and functional GI disorders, pathophysiology basis for management of acute pancreatitis, application of molecular and genetic testing to the management of colon polyps and cancer, mechanistic underpinnings for the management of refractory constipation, and understanding and managing celiac disease. Lecture presentations will be followed by interactive question and answer sessions. The discussions will be clinically based and will offer points on how to better help patients with difficult-to-manage disease processes. The course faculty are recognized experts in their fields and pioneers in better understanding of the disease processes in gastroenterology. The course is designed primarily for clinicians in GI/hepatology, as well as physician assistants, nurse practitioners, and other advanced practice healthcare professionals interested in the clinical application of GI pathophysiology.

ACCREDITATION / CME / MOC

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The American College of Gastroenterology designates this other activity (blended learning) for a maximum of 5.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 5.25 MOC points in the American

Board of Internal Medicine's (ABIM) and the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) programs. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM and ABP MOC credit.

COURSE AGENDA

- 7:00 am Welcome and Introductions**
Darwin L. Conwell, MD, MS, FACP and Ikuo Hirano, MD, FACP
- 7:05 am Gastrointestinal and Hepatic Implications of COVID-19**
Luis F. Lara, MD
Understand the clinical implications of gastrointestinal and hepatic manifestations of SARS-CoV-2.
- 7:35 am Proton Pump Inhibitor Adverse Effects: Fact or Fiction?**
Paul Moayyedi, MB ChB, PhD, MPH, FACP
Describe the scientific rationale and evidence for adverse effects of proton pump inhibitor therapy.
- 8:05 am Scientific Foundations of Novel Immunologic Approaches to IBD**
Miguel D. Regueiro, MD, FACP
Apply concepts regarding the immunologic basis of novel biologic therapies to the management of IBD.

8:35 am Rationale for Targeting Eosinophils in Achalasia, Eosinophilic Gastrointestinal Disease, and Functional Gastrointestinal Disorders

Nirmala P. Gonsalves, MD

Appreciate the rationale for growing interest in novel therapies targeting eosinophils in the management of achalasia, eosinophilic gastrointestinal disease, and functional GI disorders.

9:05 am Q & A

9:35 am Break

9:55 am Pathophysiology Basis for Current and Future Management of Acute Pancreatitis

George I. Papachristou, MD, PhD, FACP

Identify the scientific basis for novel therapeutic approaches to pancreatitis.

10:25 am Application of Molecular and Genetic Testing to the Management of Colon Polyps and Cancer

Elena M. Stoffel, MD, MPH

Formulate a clinical approach to the use of molecular and genetic testing in the evaluation and management of colon polyps and cancer.

10:55 am Mechanistic Underpinnings for the Management of Refractory Constipation

Darren M. Brenner, MD, FACP

Apply concepts regarding the physiologic basis of constipation to inform therapeutic decisions for patients with refractory constipation.

11:25 am Celiac Disease: From Disease Understanding to Management Strategies

Amy S. Oxentenko, MD, FACP

Detail the mechanisms of disease and both diagnostic and management strategies for patients with celiac disease.

11:55 am Q & A

WHAT'S NEW IN GI PHARMACOLOGY COURSE

Friday, October 22, 2021 | 1:45 pm - 5:20 pm | Mandalay Bay Ballroom H

Course Directors: Brooks D. Cash, MD, FACP, and William D. Chey, MD, FACP.

i This program will be held in-person, livestreamed, recorded, and available as on-demand content after the meeting.

COURSE DESCRIPTION

Experts will define and describe the use and management of new pharmacological therapies as well as provide updates on current pharmacological treatment options for a variety of GI disorders during the What's New in GI Pharmacology Course.

ACCREDITATION / CME / MOC

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The American College of Gastroenterology designates this other activity (blended learning) for a maximum of 3.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 3.25 MOC points in the American Board of Internal Medicine's (ABIM) and the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) programs. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM and ABP MOC credit.

COURSE AGENDA

- 1:45 pm Introduction**
Brooks D. Cash, MD, FACP and William D. Chey, MD, FACP
- 1:50 pm Update on Treating *C. difficile* Infection**
Jessica R. Allegretti, MD, MPH, FACP
Apply principles of recent guideline updates in the management of patients with *C. difficile* in a variety of clinical scenarios.
- 2:10 pm Present and Future Treatments for Crohn's Disease**
David T. Rubin, MD, FACP
Identify current best practices for Crohn's disease and assess the promise of emerging therapies.
- 2:30 pm ACG Clinical Practice Guideline on Pharmacotherapy for IBS**
Brooks D. Cash, MD, FACP
Develop evidence-based approaches to the evaluation and pharmacologic treatment of patients with irritable bowel syndrome based on critical review of recent guideline updates.
- 2:50 pm Understanding the Different Treatment Options for Hepatitis C**
Kimberly A. Brown, MD
Differentiate among HCV therapies and identify optimal care plans based on specific clinical situations.
- 3:10 pm Q&A**
- 3:25 pm Break**

3:40 pm Modernizing *H. pylori* Therapy

William D. Chey, MD, FACP

Assess and compare the differences between *H. pylori* therapies and decide on optimal initial and salvage approaches in patients with *H. pylori* infection.

4:00 pm Management of Iron Deficiency Anemia

Cynthia W. Ko, MD, MS

Improve the diagnostic evaluation of iron deficiency anemia and apply updated recommendations for its management with a focus on the differing pharmacology of iron replacement therapies.

4:20 pm Treatment Options for Recurrent Nausea and Vomiting

Christine Y. Hachem, MD, FACP

Describe the most common etiologies causing recurrent nausea and vomiting and formulate approaches to these symptoms using current diagnostics and therapeutics.

4:40 pm Diagnosis and Treatment of Microscopic Colitis

Darrell S. Pardi, MD, MS, FACP

Accurately diagnose microscopic colitis and construct appropriate treatment algorithms based on current and emerging knowledge.

5:00 pm Q&A

5:20 pm Course Adjourns

PRACTICE MANAGEMENT SUMMIT 2021: DEFINING A NEW NORMAL

Friday, October 22, 2021 | 7:30 am – 4:55 pm | Mandalay Bay Ballroom D

Course Directors: Vonda G. Reeves, MD, MBA, FACP, and Sapna V. Thomas, MD, FACP

! This program will be held in-person, recorded, and available as on-demand content after the meeting (no livestream option offered)

COURSE DESCRIPTION

Join ACG in 2021 for our Practice Management Summit. Healthcare delivery is transforming at an accelerating rate, but opportunities in the field of gastroenterology remain strong for private practice physicians to claim ownership of their practices and their careers. Managing challenges to independence will be even more important during these changing times, but that alone will not be enough for success. Participants in the Practice Management Summit will hear from colleagues about new and innovative ways to improve the operations, enhance productivity, and guarantee success of their practices.

ACCREDITATION / CME / MOC

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The American College of Gastroenterology designates this other activity (blended learning) for a maximum of 8 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 8 MOC points in the American Board

of Internal Medicine's (ABIM) and the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) programs. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM and ABP MOC credit.

COURSE AGENDA

6:30 am Continental Breakfast

7:30 am Welcome Remarks and Announcements

Vonda G. Reeves, MD, MBA, FACP, and Sapna V. Thomas, MD, FACP

SESSION 1: Betting on the House

Moderator: Sapna V. Thomas, MD, FACP

7:40 am Legislative Update

Dayna S. Early, MD, FACP

Summarize recent legislative updates and changes affecting GI practices.

8:00 am Closing the Gap on Health Care Disparity

Folasade P. May, MD, PhD, MPH

Discuss opportunities to build trust and improve health equity.

8:20 am Laying the Cards on the Table: Understanding Price Transparency and Surprise Billing

Brian Lee, JD

Outline the new Price Transparency Rule and how physicians can incorporate it into practice.

8:40 am Q & A

SESSION 2: Cyber Security: Rolling the Dice on Protection

Moderator: Vonda G. Reeves, MD, MBA, FACP

9:00 am Practice Tidbit: Reducing Obesity While Increasing Pay

Richard L. Nemec, MD, FACP

Discuss opportunities for offering patients weight loss options that can improve your practice's bottom line.

9:05 am Health Information Exchange

Colleen M. Schmitt, MD, MHS, FACP

Incorporate HIE programs into your practice to improve patient care.

9:25 am Avoiding "Snake Eyes" in Patient Documentation: Patient Access to Medical Records

Richard E. Moses, DO, JD, FACP

Evaluate and understand the quality of clinical documentation that patients now have greater access to.

9:45 am Securing Your Organization

Ashish Atreja, MD, MPH

Review current cybersecurity measures and steps to reduce risk of a data breach, and steps to take if a data breach has occurred.

10:05 am Q & A

10:25 am Break

SESSION 3: Increasing Your Odds for Success

Moderator: Sapna V. Thomas, MD, FACP

10:45 am Practice Tidbit: How to Incorporate Hemorrhoid Banding Into Your Practice

R. Sameer Islam, MD, MBA, FACP

Review technical and financial investments required to add hemorrhoid banding to your practice.

10:50 am Doubling Down on Medical Necessity: It's All in the Details

R. Sameer Islam, MD, MBA, FACP

Review essential documentation required to ensure medical necessity.

11:10 am Counting Your Cards: Update on E&M Billing

Ralph D. McKibbin, MD, FACP

Review the 2021 E&M billing changes that are specific to gastroenterology.

11:30 am Top Denials in Gastroenterology – Maximizing Reimbursement

Kathleen A. Mueller, RN, CPC, CCS-P, QMC, QMGC

Discuss the most common GI billing denials and ways to avoid them.

FRIDAY COURSES

Friday, October 22, 2021

11:50 am Q & A

12:10 pm Break – Lunch will be provided for all registered attendees.

12:50 pm Compare the Three Clinical Pathways of Gastroenterology

Moderator: Vonda G. Reeves, MD, MBA, FACP

List and compare the three major types of GI employment and identify potential pitfalls of each.

- **Top 7 Positive Points of PE/Corporate Employment**
James J. Weber, MD
- **Top 7 Positive Points of Academic Medicine**
Vivek Kaul, MD, FACP
- **Top 7 Positive Points of Private Practice**
Louis J. Wilson, MD, FACP
- **Legal and Practical Limitations of PE, Academics, and Private Practice**
Ann M. Bittinger, JD

1:10 pm Panel Q&A

SESSION 4: All In – Channeling Excellence in Leadership

Moderator: Vonda G. Reeves, MD, MBA, FACP

1:30 pm Reading the Cards – Are You Leader Material?

Vonda G. Reeves, MD, MBA, FACP

Develop a strategy for obtaining leadership skills and structure a plan for success.

1:50 pm Lessons Learned From the Pandemic – Blueprints of a Good Leader

William Martin, PsyD, MPH, MS, MA, CHES

Learn key components of the psyche of a good leader.

2:10 pm Increasing Diversity in Leadership

Sophie M. Balzora, MD, FACP

Describe how to "build a ladder" for diversity in leadership.

2:30 pm Q & A

2:50 pm Break

SESSION 5: Hedging Your Bets: The Future of Gastroenterology

Moderator: Sapna V. Thomas, MD, FACP

3:10 pm Practice Tidbit: Ancillaries to Add – COVID Rebound

Sapna V. Thomas, MD, FACP

Discuss potential ancillary options to add to your practice to help with the COVID rebound.

3:15 pm Future of Gastroenterology: What Will Our Practices Look Like in 10 Years?

Harish K. Gagneja, MD, FACP

Hypothesize what the practice of gastroenterology will be like in 10 years from small to large cities, academic and private practice.

3:35 pm Telemedicine – Is There Still a Place for Telemedicine Post-Pandemic?

Nipun B. Reddy, MD

Discuss the pitfalls and added costs to providing telehealth.

3:55 pm Advanced Practice Providers: What Role Will They Play in Our Practices?

Sapna V. Thomas, MD, FACP

Evaluate current and potential future collaborative roles for PAs and CNPs in gastroenterology.

4:15 pm Panel Discussion and Q & A

4:35 pm Course Wrap-Up / Closing Remarks

4:55 pm Course Adjourns

ASGE ENDOSCOPY COURSE: Evidence-based Updates for the Practicing Gastroenterologist

Friday, October 22, 2021 | 7:50 am – 5:20 pm | Mandalay Bay Ballroom F

Course Directors: B. Joseph Elmunzer, MD and Anne Marie Lennon, MD, PhD, FASGE

COURSE DESCRIPTION

The 2021 ASGE Endoscopy Course: Evidence-based Updates for the Practicing Gastroenterologist aims to provide comprehensive updates on several important endoscopic topics, ranging from optimal practice considerations, to oncologic endoscopy, to the endoluminal evaluation and treatment of inflammatory bowel disease complications. The topics and speakers for this course were specifically curated to provide thoughtful and diverse perspectives, helping endoscopists from various settings thrive in their practice.

Participate in-person or virtually from home or office. You'll still receive the world-class educational experience that is the hallmark of ASGE, including the ability to participate in real-time Q&A sessions. Course materials will be available prior to the start of the course, upon completion you will receive access to the recording of each presentation along with pdf files of presentations in GI Leap. Looking to access CME and MOC credit, then plan your participation in this program so you can earn both of these valuable credits. We look forward to your participation at this hybrid event.

ACCREDITATION / CME / MOC

The American Society for Gastrointestinal Endoscopy (ASGE) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

ASGE designates this other activity (blended learning) for a maximum of 8.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 8.25 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Upon completion of this educational activity, physicians will be able to:

- Discuss approaches to optimizing day-to-day endoscopic practice (**comprehension**)
- Describe how best to evaluate for and manage pre-cancerous and early malignant lesions of the foregut and colon. (**knowledge**)
- Identify best practices in 'emergency endoscopy' services (**comprehension**)
- Compare and contrast common pancreaticobiliary problems (**analysis**)
- Recognize the spectrum of endoscopic care that can improve the health of IBD patients (**comprehension**)

COURSE AGENDA

6:30 am Registration and Continental Breakfast

7:50 am Welcome and Introductions

2021 ACG ANNUAL POSTGRADUATE COURSE

Course Directors: David J. Hass, MD, FACP, and Millie D. Long, MD, MPH, FACP

i This program will be held in-person and recorded; portions will be livestreamed, and all sessions will be available as on-demand content after the meeting.

PROGRAM DESCRIPTION

With the need to remain abreast of the many new and emerging advancements in the field of gastroenterology and the patient volume increasing as the population ages, the clinical gastroenterologist is more challenged than ever to deliver the best patient care in each situation they encounter. Research across gastroenterology and hepatology areas progresses at a rapid pace. Advances in technology, diagnostic modalities, and therapeutic options have had a positive impact on the management of many GI diseases. Scientific education, based on critical foundational knowledge and clinical skills, the communication of practical methods for treatment, and the ability to integrate the newest tools in diagnosis with the latest therapeutic/treatment options, are key necessities for the GI clinician to deliver top quality patient care. This course will provide updates on a variety of gastroenterology and hepatology subjects including IBD therapy, colorectal cancer screening, functional GI disorders, esophageal disorders, pancreaticobiliary disease, and liver disease. Expert faculty will deliver scientific presentations in a variety of formats. Didactic lectures, followed by interactive question and answer sessions, a choice of simultaneous sessions and PG Course Bonus sessions (formerly Learning Lunches; separate subscription required) on the latest topics in GI and liver clinical care will be offered.

The program is designed primarily for clinicians in GI/hepatology, as well as physician assistants, nurse practitioners, and other advanced practice providers interested in a scientifically sound approach to the management of GI and liver illnesses.

🕒 SATURDAY, OCTOBER 23, 2021 | 7:50 AM - 5:15 PM

7:50 am Introduction by Course Directors

David J. Hass, MD, FACP, and Millie D. Long, MD, MPH, FACP

Session 1A: Easing the Esophageal Enigmas

Moderator: Nicholas J. Shaheen, MD, MPH, MACG

8:00 am Esophageal Motility Disorders: Taming the Tube?

Rena H. Yadlapati, MD, MSHS

Provide an overview of esophageal motility disorders, with recommendations for updated management in 2021.

8:20 am EoE – To Dilate or To Medicate?

Evan S. Dellon, MD, MPH, FACP

Describe current management strategies for EoE, from dietary management to medications, with an algorithm for practice.

8:40 am Barrett's Esophagus – Burn, Freeze, or Observe? Dysplasia Update

Nicholas J. Shaheen, MD, MPH, MACG

Provide an overview of screening, surveillance, and treatment of Barrett's in 2021.

9:00 am Management of Reflux: Effective Use of PPIs and Beyond

Michael F. Vaezi, MD, PhD, MSc (Epi), FACP

Describe a practical approach to the diagnosis and management of reflux, plus the role of and risks/benefits of PPIs, as well as treatment duration recommendations, and management of PPI-refractory patients.

9:20 am Panel Q & A

9:40 am Break

10:20 am The David Sun Lecture – Colon Polyps: Going and Gone

Jerome D. Waye, MD, MACG

Introduced by: David A. Greenwald, MD, FACP, ACG President

Explain the history of colon polyps and what may happen in the future.

Session 1B: Colonoscopy Pearls – Optimizing the Yield

Moderator: Douglas K. Rex, MD, MACG

10:50 am Colorectal Cancer Screening and Surveillance –

A Case-Based Approach and Guideline Review in 2021

Aasma Shaikat, MD, MPH, FACP

Provide an evidence-based approach for the practicing clinician on colon cancer screening and surveillance of polyps in 2021, including an update on the most recent ACG guidelines.

11:10 am Optimal Polypectomy Techniques

Douglas K. Rex, MD, MACG

Identify best practices for visualization of polyps and for polypectomy to maximize completeness of resection.

11:30 am Disparities in Colon Cancer Screening: How Do We Move the Needle?

Darrell M. Gray, II, MD, MPH, FACP

Assess ethnic/gender disparities in colon cancer screening and colon cancer outcomes, and implement a practical strategy for improved access to screening in practice.

Practical Pearls for the Clinical Gastroenterologist – A Case-Based Approach

Saturday & Sunday, October 23-24, 2021

11:50 am Endoscopic and Non-Endoscopic Technologies for Colon Cancer Screening – What Lies Ahead of Us?

Mark B. Pochapin, MD, FACG

Review the recent and future technologies, both endoscopic and non-endoscopic, for colon cancer screening that will assist gastroenterologists now and in the future.

12:10 pm Panel Q & A

12:30 pm Lunch Break

Session 1C: Pancreatic Disease 101

Moderator: Timothy B. Gardner, MD, MS, FACG

2:00 pm Acute Pancreatitis – Common and Unusual Causes, and Optimal Management in 2021

Timothy B. Gardner, MD, MS, FACG

Review common and uncommon causes of acute pancreatitis, and optimal management based on current guidelines.

2:20 pm Pancreatic Cystic Lesions – When to Worry: Cases to Consider

Linda S. Lee, MD, FACG

Explain the different types of pancreatic cysts, their endoscopic, radiographic, and cytologic characteristics, and optimal management strategies.

2:40 pm Chronic Pancreatitis – Pearls in Pain Management

Darwin L. Conwell, MD, MS, FACG

Review the causes and natural history of chronic pancreatitis as well as best management strategies for treating chronic pain.

3:00 pm Panel Q & A

3:20 pm Break

SIMULTANEOUS SYMPOSIA

4:00 pm - 5:15 pm

SYMPOSIUM A: Women's Health in IBD

Moderator: Sunanda V. Kane, MD, MSPH, FACG

4:00 pm Contraceptive and Pre-Conception Counseling in IBD by the Gastroenterologist

Marla C. Dubinsky, MD

Review contraceptive strategies for women with IBD, and appropriate pre-conception counseling from the gastroenterologist.

4:20 pm Management of IBD During Pregnancy: Implications for Mother and Baby

Sunanda V. Kane, MD, MSPH, FACG

Analyze strategies for management of IBD prior to, during, and post-pregnancy, including infant outcomes associated with advanced therapies.

4:40 pm Menopause and Beyond: The Older Adult With IBD

Bharati Kochar, MD, MSCR

Describe the physiologic changes with aging, the role of menopause in IBD, and considerations for management of the older adult with IBD.

5:00 pm Panel Q & A

SYMPOSIUM B: A Focus on *Clostridioides difficile*

Moderator: Colleen R. Kelly, MD, FACG

4:00 pm Management of *C. diff*: Update on ACG Guidelines

Colleen R. Kelly, MD, FACG

Provide an overview of the ACG guidelines for the management of *C. difficile* enterocolitis.

4:20 pm *C. diff* in IBD: When to Escalate or De-Escalate IBD Therapy

Jessica R. Allegretti, MD, MPH, FACG

Outline strategies for management of *C. difficile* in IBD patients, including management of their IBD therapies.

4:40 pm Evolving Probiotic, Antibiotic, and Designer Transplant Therapies – Optimizing the Microbiome

Paul Feuerstadt, MD, FACG

Describe utilization of fecal transplant in practice, including an algorithmic approach and a guide to discussing the risks and benefits and modalities available (including considerations during the COVID era), to describe novel microbiome-based therapeutics for *C. difficile*.

5:00 pm Panel Q & A

SYMPOSIUM C: The Latest Frontiers of Endoscopy

Moderator: Christopher C. Thompson, MD, MSc, FACG

4:00 pm ERCP – Tips for Difficult Cannulations/Special Populations

Shivangi T. Kothari, MD, FACG

Review the best practices for cannulation of the ampulla and approaches for special populations such as gastric bypass patients and pregnant patients.

4:20 pm POEM/ESD – Efficacy and Practicality: Cases to Behold

Christopher C. Thompson, MD, MSc, FACG

Review the role of POEM and ESD in the treatment of various GI luminal tract pathologies.

4:40 pm Endoscopic Management of Obesity

Allison R. Schulman, MD, MPH

Review the current state and evidence-based data of endoscopic obesity management.

5:00 pm Panel Q & A

5:15 pm Adjourn for the day

POSTGRADUATE
COURSE

POSTGRADUATE COURSE

Saturday & Sunday, October 23-24, 2021

🕒 SUNDAY, OCTOBER 24, 2021 | 7:50 AM - 5:05 PM

7:50 am Introduction by Course Directors

David J. Hass, MD, FACC, and Millie D. Long, MD, MPH, FACC

SESSION 2A: Hepatology 101

Moderator: Amit Singal, MD, MS

8:00 am HCC 101 – Screening, Surveillance, Treatment

Amit Singal, MD, MS

Identify best practices for diagnosis, management, and treatment for hepatocellular carcinoma, which continues to increase in incidence.

8:20 am NAFLD/NASH – Optimizing Therapies for Maximal Benefit

Karen L. Krok, MD

Review the most effective management strategies to help mitigate NASH and prevent long-term sequelae, as well as review non-invasive diagnostic techniques for fibrosis.

8:40 am DILI – What Did You Take? A Case-Based Approach

Naga P. Chalasani, MD, FACC

Review the most common causative agents of drug-induced liver injury, including CAM therapies and herbal supplements.

9:00 am Cirrhosis 101: Important Pearls for the Management of the Inpatient and Outpatient Cirrhotic – A Case-Based Approach

Joseph Ahn, MD, MS, MBA, FACC

Apply optimal management strategies including algorithms to prevent and minimize long-term complications of cirrhosis such as HRS, variceal bleeding, SBP, and hepatoenkephalopathy.

9:20 am Panel Q & A

9:40 am Break

9:40 am Genetic Testing and Counseling: Increasing the Opportunity for Earlier Detection and Treatment of Hereditary Cancers

(see page 9 for details)

SESSION 2B: Practical Pearls for the Management of Inflammatory Bowel Disease – A Case-Based Approach

Moderator: Millie D. Long, MD, MPH, FACC

10:20 am The Naïve Crohn's Disease Patient – A Case-Based Approach

Jill K. J. Gaidos, MD, FACC

Optimize initial therapies and management for the naïve Crohn's disease patient, and identify which initial therapies are best for different CD phenotypes.

10:40 am Ulcerative Colitis: Right Patient, Right Therapy

Corey A. Siegel, MD, MS

Describe risk stratification of patients with UC and positioning of therapies in moderate to severe UC.

11:00 am Preventing IBD-Related Complications: Practical Advice

Millie D. Long, MD, MPH, FACC

Describe risks associated with medical therapies for IBD and practical recommendations for prevention.

11:20 am Post-Operative Management of Crohn's Disease: An Algorithm for Practice

Miguel D. Regueiro, MD, FACC

Apply evidence-based treatment approaches to the post-operative management of Crohn's disease.

11:40 am Therapeutic Drug Monitoring in IBD: Where Do We Stand?

David T. Rubin, MD, FACC

Describe a practical and evidence-based approach to TDM utilization in practice.

12:00 pm Panel Q & A

12:20 pm Lunch Break

SESSION 2C: Functional Disorders in Practice

Moderator: William D. Chey, MD, FACC

1:50 pm Functional Abdominal Pain: A Primer for the Gastroenterologist

Brian E. Lacy, MD, PhD, FACC

Describe the use of neuromodulators in clinical practice for the management of functional abdominal pain and irritable bowel syndrome.

2:10 pm Dietary Management of IBS: A Recipe for Success

William D. Chey, MD, FACC

Incorporate recommendations for dietary management of irritable bowel syndrome into the 15-minute office visit.

2:30 pm An Evidence-Based Algorithmic Approach for IBS-C and D

Lin Chang, MD, FACC

Provide an update on optimal management of IBS subtypes in 2021 and an algorithm for stepwise management in practice.

2:50 pm Panel Q & A

3:10 pm Break – Visit the Exhibit Hall

SIMULTANEOUS SYMPOSIA

3:50 pm - 5:05 pm

SYMPOSIUM D: Endoscopic Emergencies – A Case-Based Approach

Moderator: David A. Greenwald, MD, FACC

3:50 pm Foreign Bodies – The 3AM Call

David A. Greenwald, MD, FACC

Outline tricks, techniques, and the latest technologies to help remove common and unusual ingested foreign objects

4:10 pm Upper GI Bleeding – Non-Variceal Bleeding

Alan N. Barkun, MD, CM, MSc (Clin Epi), FACC

Review novel and best practices for the treatment of upper GI tract sources of bleeding.

4:30 pm Lower GI Bleeding – When Do You Scope versus Sleep?

Lisa L. Strate, MD, MPH, FACC

Describe the most recent evidence-based guidelines reviewing the role of urgent colonoscopic evaluation versus careful observation versus radiographic therapeutic approaches for lower gastrointestinal bleeding.

4:50 pm Panel Q & A

SYMPOSIUM E: Anorectal Pathology – A Case-Based Approach

Moderator: Satish S. C. Rao, MD, PhD, FACC

3:50 pm Recognizing and Treating HPV, AIN, and Anal Carcinoma

Jessica D. Korman, MD

Discuss the natural history of anal intraepithelial neoplasia, as well as which populations to screen and best practices for evaluation and treatment.

4:10 pm Diagnosing the Causes of Defecation Difficulties – Clinical Pearls

Satish S. C. Rao, MD, PhD, FACC

Review pelvic floor dyssynergia, and the diagnosis and treatment options for defecatory disorders.

4:30 pm Fissures, Fistulas, Hemorrhoids, Oh My!

Darren M. Brenner, MD, FACC

Explain the unusual but important pelvic pathologies that tend to cause significant patient discomfort but are often overlooked.

4:50 pm Panel Q & A

SYMPOSIUM F: Conquering the Abyss: Small Bowel Pathologies, Enteropathies, and Other Rare Zebras That Should Be on Everyone's List
Moderator: David J. Hass, MD, FACG

3:50 pm Obscure Pathologies of the Small Bowel –

A Case-Based Approach

David J. Hass, MD, FACG

Review common and uncommon pathologies of the small bowel, including bleeding, IBD, and small bowel neoplastic disease.

4:10 pm Managing Celiac and Other Enteropathies –

A Case-Based Approach

Amy S. Oxentenko, MD, FACG

Review the diagnosis and management of celiac, refractory celiac, and other often overlooked enteropathies.

4:30 pm Zebras Worth Knowing – A Review of Unusual Diagnoses That Should Be in Every Gastroenterologist's Differential

Lawrence J. Brandt, MD, MACG

Review unusual diagnoses that are not often considered but are high-yield and should be included in every gastroenterologist's differential diagnosis.

4:50 pm Panel Q & A

5:05 pm Postgraduate Course Adjourns

ACCREDITATION / CME / MOC

The American College of Gastroenterology designates this other activity (blended learning) for a maximum of 34.75 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AMA PRA Category 1 Credits™ are awarded as follows:

16.75 *AMA PRA Category 1 Credits™* for the Postgraduate Course and 18 *AMA PRA Category 1 Credits™* for the Postgraduate Course Bonus (Learning Luncheon) Sessions (Bonus Session must be purchased separately).

Successful completion of this CME activity, which includes participation in the evaluation component,

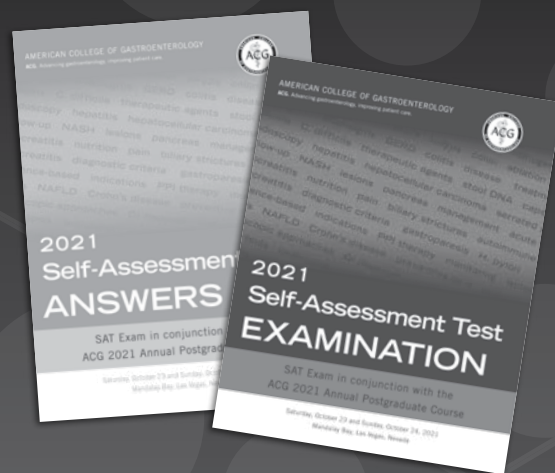

enables the participant to earn up to 34.75 MOC points in the American Board of Internal Medicine's (ABIM) and the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) programs. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM and ABP MOC credit.

Your Postgraduate Course registration includes the **2021 SELF-ASSESSMENT TEST!**

All PG Course registrants (virtual and in-person) will receive access to the ONLINE version of the test. Registrants who attend in-person in Las Vegas will also receive a PRINTED copy of the test when collecting meeting materials on-site.

The 2021 edition includes:

- ✓ 300 questions
- ✓ Correct answers, detailed explanations, and a bibliography (with links to PubMed)
- ✓ The ability to track scores overall and by category
- ✓ 35 *AMA PRA Category 1 Credits™* and ABIM MOC points upon successful completion

On-Demand POSTGRADUATE COURSE Bonus Sessions

i The Postgraduate Course Bonus Sessions will only be available as pre-recorded sessions on the ACG Conference Platform. There will be no in-person Bonus Sessions offered in Las Vegas. *Separate registration is required.*

1. Peri-Procedural Anticoagulation: WWND (What Would Neena Do)?

Neena S. Abraham, MD, MSc (Epid), FACG

Describe an evidence-based approach for management of peri-procedural anticoagulation—from routine outpatient procedures to therapeutic interventions for GI bleeding.

2. Perianal Crohn's Disease – Evolutions in Management

Miguel D. Regueiro, MD, FACG

Review the latest management of perianal Crohn's disease, including novel therapeutics, combined medical and surgical approaches and optimization of therapies.

3. CAM and Psychological Therapies for Functional and Inflammatory Bowel Disease

Jill K. Deutsch, MD, and Laurie A. Keefer, PhD

Apply current evidence-based strategies for functional bowel disease including both pharmacologic and mind-based therapies such as cognitive behavioral therapies and hypnotherapy.

4. Hereditary Pancreatic Cancers – Who Should We Screen and How?

Yasmin G. Hernandez-Barco, MD

Review the role of genetic screening and screening with imaging for pancreatic cancer with a review of the relevant genes and imaging modalities to consider.

5. Management of Disorders of the J-Pouch: A Practical Guide

Laura E. Raffals, MD, MS, FACG

Review approaches to the endoscopic assessment of the J-pouch, common disorders of the pouch, and medical management.

6. Nutrition 101 for the Gastroenterologist: A Case-Based Approach

John K. DiBaise, MD, FACG

Improve recognition of nutrient deficiencies, review modalities of nutrition support, recognize the warning signs of eating disorders, and review optimal dietary interventions for GI disorders.

7. Vascular Diseases of the GI Tract

Paul Feuerstadt, MD, FACG

Discuss the common presentations of the vascular diseases of the GI tract, including colonic ischemia, and acute and chronic mesenteric ischemia.

8. PPI Risks – What Should We Be Telling Our Patients in 2021?

Paul Moayyedi, MB ChB, PhD, MPH, FACG

Review the risks, benefits, and discussions to be held with patients to maximize efficacy and minimize risk of PPI medications.

9. Hereditary Colorectal Cancer Syndromes: Strategies for Monitoring and Prevention

Carol A. Burke, MD, FACG

Review various hereditary colon cancer syndromes, including a practical algorithm for screening and surveillance.

10. Diverticular Disease in 2021: Where Are We Now?

Lisa L. Strate MD, MPH, FACG

Review epidemiology and burden of diverticular disease, optimize management of diverticular complications, and describe treatment strategies for SUDD (symptomatic uncomplicated diverticular disease) and SCAD (segmental colitis associated with diverticula).

11. Viral Hepatitis From A-Z

Paul Y. Kwo, MD, FACG

Review the natural history, diagnosis, and evidence-based management for common and rare etiologies of viral hepatitis.

12. Fecal Incontinence – Strategies for 2021

Satish S. C. Rao, MD, PhD, FACG

Review the epidemiology and diagnostic approach for fecal incontinence, describe state-of-the-art management in 2021, and future novel/emerging therapies.

13. Gastric Intestinal Metaplasia and Gastric Polyps – Optimal Resection and Surveillance Strategies

Douglas R. Morgan, MD, MPH, FACG

Provide an evidence-based workflow to determine how to monitor gastric intestinal metaplasia, fundic polyps, and hyperplastic polyps.

14. SIBO – Optimal Strategies for Testing and Treatment

William D. Chey, MD, FACG

Review the best testing and treatment strategies for SIBO, as well as differentiating methane versus hydrogen-predominant pathology.

15. Autoimmune Hepatitis and Cholangiopathies: Decoding Overlap Syndromes

Marlyn J. Mayo, MD, FACG

Discuss the epidemiology, diagnosis, and management of autoimmune hepatitis, cholangiopathies, and overlap syndromes, including indications for when to start and stop therapy.

16. ID for the GI – GI Presentations of Unusual Infections (Parasitic, Rickettsial, and Atypical Bacterial Infections)

Mark S. Riddle, MD, DrPH

Review the unusual presentations and manifestations of some rarer causes of gastrointestinal infection.

17. Digital Health in Gastroenterology: A New Frontier

Brennan M. Spiegel, MD, MSHS, FACG

Discuss the role of digital health in gastroenterology, and the implications for research and clinical practice.

18. Endoscopic Ultrasound 101 – The Basics and the Emerging Role of LAMS for Complex Anatomy and Pancreatobiliary Disorders

Seth A. Gross, MD, FACG

Review the modality of EUS and the use of luminal apposing metal stents for GI pathology, including LAMS-assisted endoscopic drainage, and when to refer to an interventional gastroenterologist versus referral to a surgeon.

19. Interpretation of Esophageal pH Impedance, Manometry: A Case-Based Approach

Felice Schnoll-Sussman, MD, FACG

Apply a practical approach to interpretation of esophageal pH-impedance and manometry studies.

20. Cannabis for Gastrointestinal Disorders: Everything You Wanted to Know, But Were Afraid to Ask

Linda Anh B. Nguyen, MD

Provide an overview of the endocannabinoid system and identify the role of cannabinoids in the treatment of functional and inflammatory bowel disease.

21. Geriatrics and Gastrointestinal Disorders: Is Age Only a Number?

Bharati Kochar, MD, MSCR

Explain the impact of aging on various GI disorders, discuss the concepts of frailty and polypharmacy, and provide an algorithmic approach to optimally manage geriatric patients with GI disorders.

22. Extraintestinal Manifestations in IBD: Beyond the Bowel

Anne G. Tuskey, MD, FACG

Review epidemiology and management of EIMs, including paradoxical manifestations and hidradenitis suppurativa.

23. Benign Liver Masses – How to Image, When to Resect: Maximal Yield and Minimal Patient Inconvenience

Joseph Ahn, MD, MS, MBA, FACG

Review the differential of benign liver masses, appropriate imaging protocols for diagnosis, and describe indications (if ever) for biopsy and/or resection.

24. Challenging IBD Cases – A Discussion With the Experts from IBD Circle

Samir A. Shah, MD, FACG, and Jean-Paul Achkar, MD, FACG

Apply evidence-based clinical decision-making approaches to various challenging IBD cases encountered by the practicing gastroenterologist.

2021 ANNUAL SCIENTIFIC MEETING

The Annual Scientific Meeting is FREE for ACG members!

i This program will be held in-person and recorded; portions will be livestreamed, and all sessions will be available as on-demand content after the meeting.

PROGRAM DESCRIPTION

Gain insight from the experts, learn practical take-home points, and network with your colleagues when you attend the ACG Annual Scientific Meeting. Throughout the Scientific Meeting, faculty will present the latest in GI and hepatology, and how to incorporate findings into patient care. Hear about the latest clinical research during the free papers/oral presentation plenary sessions. In addition, there will be several featured lectures by world-renowned experts that delve into deeper discussion on a specific topic.

Twelve scientific symposia and over 65 oral abstract presentations will allow attendees to hear lecture presentations from experts and to participate in interactive question and answer sessions with the faculty.

In addition, 15 bonus sessions (formerly the breakfast sessions) will be offered as a separate registration option.

Finally, ACG's 9th Annual Endoscopy Video Forum will feature the best video presentations submitted from colleagues from across the U.S. and around the world.

The Annual Scientific Meeting program is designed primarily for physicians in gastroenterology and hepatology, as well as physician assistants, nurse practitioners, and other advanced practice healthcare professionals interested in the latest information on state-of-the-art treatment of these illnesses.

MONDAY, OCTOBER 25, 2021 | 7:50 AM - 6:30 PM

7:50 am - 8:00 am Opening Remarks

David A. Greenwald, MD, FACP, ACG President

8:00 am - 9:00 am Presidential Plenary Session 1

Moderators: David A. Greenwald, MD, FACP, and Brooks D. Cash, MD, FACP

1. (S545). Mean Adenomas Per Colonoscopy Is Inversely Associated With Post Colonoscopy Colorectal Cancers: Data From the New Hampshire Colonoscopy Registry Validating This Quality Measure

SIMULTANEOUS SYMPOSIA – SESSION 1 – Choose from 3

11:30 am – 12:45 pm

SYMPOSIUM 1A: ACG Past Presidents' Symposium 2021

Moderator: Sunanda V. Kane, MD, MSPH, FACC

• Intestinal Dysbiosis and Recurrent *C. difficile*: Impact and Clinical Solutions

Christina M. Surawicz, MD, MACG (ACG Past President), and Jessica R. Allegretti, MD, MPH, FACC

Discuss and apply emerging therapeutic options for dysbiosis and recurrent *C. difficile*.

• New Technologies in GERD and How to Use Them in the Clinical Setting

Joel E. Richter, MD, MACG (ACG Past President), and Marcelo F. Vela, MD, MSCR, FACC

Recognize evolving technologies in GERD and how to use them in the clinical setting.

• Improving Access, Acceptability, Quality, and Cost-Effectiveness of Colon Cancer Screening

Mark B. Pochapin, MD, FACC (ACG Past President), and John M. Inadomi, MD, FACC

Appraise and apply contemporary best evidence in the management of colon cancer screening.

SYMPOSIUM 1B: Complications of Advanced Liver Disease

Moderator: Norah A. Terrault, MD, MPH, FACC

• Updates in Current Management of Ascites, SBP, and HRS

Jasmohan S. Bajaj, MD, MSc, FACC

Discuss best practices in the evaluation of abdominal ascites, spontaneous bacterial peritonitis, and acute kidney injury in patients with liver cirrhosis, and apply current evidence-based guideline recommendations.

• Update in Liver Transplantation: Implications for the GI Provider

Norah A. Terrault, MD, MPH, FACC

Summarize new UNOS policies governing organ allocation for liver transplantation, and outline evidence-based recommendations for the general gastroenterologist caring for patients both pre- and post-transplantation.

• Current Concepts in the Management of Hepatic Encephalopathy

R. Todd Frederick, MD

Review current and evolving guidelines for the diagnosis and management of occult and overt hepatic encephalopathy.

SYMPOSIUM 1C: Update on Endoscopic Resection of Colorectal Lesions

Moderator: Tonya R. Kaltenbach, MD, MS, FACC

• Optical Diagnosis of Benign and Malignant Colorectal Lesions

Sarah K. McGill, MD, MSc

Identify the signature features of benign and malignant colorectal lesions and apply classifications to enhance real-time histologic prediction of lesions.

• Cold Snare Polypectomy for Complete Removal of Small Colorectal Lesions

Swati G. Patel, MD

Discuss the updated USMSTF recommendations on optimal polypectomy techniques for small colorectal lesions.

(Continued on next page)

ANNUAL SCIENTIFIC MEETING

Monday through Wednesday, October 25-27, 2021

SYMPOSIUM 1C: Update on Endoscopic Resection of Colorectal Lesions, *continued*

• **EMR of Large Colorectal Lesions**

Tonya R. Kaltenbach, MD, MS, FACG

Describe the techniques for endoscopic mucosal resection of large colon polyps, and identify best practices including when to refer to a specialist.

• **Prevention and Management of Large Polyp Resection Complications**

Douglas K. Rex, MD, MACG

Identify methods to prevent and manage complications of large polyp resection.

• **Quality and Competency in Colorectal Lesion Removal: Training and Sustaining**

Roy M. Soetikno, MD, FACG

Summarize competency learning curves and optimal training strategies for colorectal lesion removal, including simulation-based learning.

12:45 pm – 2:15 pm Lunch Break - Visit the Exhibit Hall and Browse Scientific Posters

SIMULTANEOUS PLENARY SESSIONS 1 – Choose from 2

2:15 PM – 3:00 PM

PLENARY SESSION 1A – STOMACH / PRACTICE MANAGEMENT

Moderators: Kimberly N. Harer, MD, and Costas H. Kefalas, MD, MMM, FACG

SIMULTANEOUS SYMPOSIA – SESSION 2 – Choose from 3

4:45 pm – 6:00 pm

SYMPOSIUM 2A: Starting, Switching, and Stopping Therapy in IBD

Moderator: Christina Y. Ha, MD, FACP

• **Starting Therapy in IBD**

Bincy P. Abraham, MD, FACP

Summarize treatment strategies for initiating therapy in mild and moderate-severe Crohn's disease and ulcerative colitis.

• **Switching Therapy in IBD**

Raymond K. Cross, MD, MS, FACP

Decide when to switch within and out of medication class in IBD, including loss of response, immunogenicity, adverse events, and biosimilars.

• **Stopping and De-Escalating Therapy in IBD**

Christina Y. Ha, MD, FACP

Describe a practical approach to de-escalation and monitoring of IBD therapy.

ANNUAL SCIENTIFIC MEETING

Monday through Wednesday, October 25-27, 2021

SYMPOSIUM 2B: ACG Clinical Guideline: Management of Irritable Bowel Syndrome

Moderator: Brian E. Lacy, MD, PhD, FACG

• IBS—Making the Diagnosis

Brian E. Lacy, MD, PhD, FACG

Discuss the ACG guideline recommendations for diagnostic testing in irritable bowel syndrome.

• Pharmacotherapy of IBS

Darren M. Brenner, MD, FACG

Describe the rationale for ACG guideline recommendations for pharmacologic therapy for irritable bowel syndrome.

• Non-Pharmacologic Treatment Options for IBS

Baharak Moshiree, MD, MSc, FACG

Interpret the latest ACG guidelines as they relate to the non-pharmacologic management of IBS patients.

SYMPOSIUM 2C: LIVE FROM LAS VEGAS! THE 9TH ANNUAL ENDOSCOPY VIDEO FORUM

Moderators: Seth A. Gross, MD, FACG, and Vivek Kaul, MD, FACG

Judges: David J. Hass, MD, FACG; Laith H. Jamil, MD, FACG; Pichamol

Jirapinyo, MD, MPH; Shivangi T. Kothari, MD, FACG; Saowanee Ngamrueng-

phong, MD; Kevin E. Woods, MD, MPH

Demonstrate interesting endoscopic findings and techniques encountered in daily clinical practice.

Monday through Wednesday, October 25-27, 2021

36. (S1068). The Impact of Renal Function on Hepatic Encephalopathy Following Transjugular Intrahepatic Portosystemic Shunt Placement for Refractory Ascites
Matthew Zhao, BS¹, Sammy Saab, MD, MPH², Chloe Craw², Edward W. Lee, MD, PhD³; ¹David Geffen School of Medicine at UCLA, Los Angeles, CA, ²Pfeger Liver Institute, UCLA Medical Center, Los Angeles, CA, ³Ronald Reagan UCLA Medical Center, Los Angeles, CA

10:05 am – 10:35 am J. Edward Berk Distinguished Lecture
The End of the Beginning:
Megatrends in Gastroenterology
William D. Chey, MD, FACP
Introduced By: David A. Greenwald, MD, FACP, ACG President
Explain where gastroenterology is in 2021 and how digital health, integrated care, and artificial intelligence will enable personalized healthcare in the coming years.

10:35 am – 11:30 am Break – Visit the Exhibit Hall and Browse Scientific Posters

SIMULTANEOUS SYMPOSIA – SESSION 3 – Choose from 3

11:30 am – 12:45 pm

SYMPOSIUM 3A: Updates on CRC Screening and Surveillance

Moderator: Charles J. Kahi, MD, MSc, FACP

- **At What Age Should I Start Screening and When Should I Stop?**
Aasma Shaikat, MD, MPH, FACP
Review the evidence of more aggressive, earlier colorectal cancers to support clinical guidelines for screening.
- **How to Inform Patient Screening Choice in the Context of COVID**
Charles J. Kahi, MD, MSc, FACP
Define screening test characteristic performances for adenoma, advanced adenoma, and cancer by stage; and highlight shifts, barriers, and facilitators to high-quality screening during a pandemic.
- **How to Incorporate the New CRC Surveillance Recommendations Into Practice**
Samir Gupta, MD
Summarize post-polypectomy surveillance recommendations, including major changes from the prior recommendations, and outline evidence-based surveillance practice.

SYMPOSIUM 3B: The Latest in the A-Zs of Acute Pancreatitis

Moderator: Linda S. Lee, MD

- **Managing Acute Pancreatitis in the First 24 Hours**
Bechien U. Wu, MD
Explain how to diagnose and risk stratify patients with acute pancreatitis, and identify key components in early management including fluids, diet, pain control, antibiotic use, and monitoring for compartment syndrome.
- **Managing Complications of Acute Pancreatitis Including Leaks and Collections**
Linda S. Lee, MD
Describe common complications of acute pancreatitis that can be managed endoscopically, including pseudocyst, walled-off necrosis and pancreatic duct leaks, and recognize optimal treatment approaches for these conditions.
- **Idiopathic Recurrent Acute Pancreatitis: How to Evaluate and Manage**
Darwin L. Conwell, MD, MS, FACP
Discuss work-up for diagnosing the etiology of idiopathic recurrent acute pancreatitis, and outline medical and endoscopic management.

SYMPOSIUM 3C: Gastric Disorders: Burning Issues in 2021

Moderator: Colin W. Howden, MD, FACP

- **Acid-Peptic Disorders: What's New in 2021?**
Colin W. Howden, MD, FACP
Identify new therapeutic options for acid-peptic disorders.
- **Update in Gastroparesis and Functional Dyspepsia**
Braden Kuo, MD
Explain medical and surgical therapies for motility and functional disorders of the stomach.
- **Polyps and Nodules of the Stomach: When to Survey, Resect, or Refer for EUS**
Saowanee Ngamruengphong, MD
Summarize the latest diagnostic and management approaches to polyps and nodules of the stomach.

12:45 pm – 2:15 pm Lunch Break – Visit the Exhibit Hall and Browse Scientific Posters

SIMULTANEOUS PLENARY SESSION 3 – Choose from 2

2:15 pm – 3:45 pm

PLENARY SESSION 3A – ESOPHAGUS / FUNCTIONAL

Moderators: Baharak Moshiree, MD, FACP, and

Nicholas J. Shaheen, MD, MPH, MACG

37. (S352). A Brief Cognitive Intervention Reduces Symptoms of Dysphagia and Reflux: Is Helplessness the Key?

Tiffany Taft, PsyD, MIS¹, Madison Simons, PsyD¹, Alyse Bedell, PhD², Sonia Zavala, BS¹, Dustin Carlson, MD¹, John E. Pandolfino, MD¹; ¹Northwestern University Feinberg School of Medicine, Chicago, IL, ²University of Chicago Medical Center, Chicago, IL

38. (S353). Time to Clinically Meaningful Improvement in Dysphagia Frequency in Adults with Eosinophilic Esophagitis: A Post-Hoc Analysis From a Phase 2b Trial of APT-1011, a Fluticasone Propionate Oral Disintegrating Tablet

Gary Falk, MD, MS, FACP¹, Ikuro Hirano, MD, FACP², Alfredo J Lucendo, MD, PhD, BA³, Alain M. Schoepfer, MD⁴, Christop Schlag, MD⁵, Gina Eagle, MBBS, FRACP⁶, James Nezhams⁶, Gail M. Changing the Narrative on Colorectal Cancer Prevention: Translating Stories to Partnership, Policy, and Practice

Darrell M. Gray, II, MD, MPH, FACP

Introduced by: David A. Greenwald, MD, FACP, ACG President

Identify opportunities to enhance CRC screening uptake and improve CRC outcomes in diverse communities.

5:00 pm – 5:10 pm Break

SIMULTANEOUS SYMPOSIA – SESSION 4 – Choose from 2

5:10 pm – 6:25 pm

SYMPOSIUM 4A: Functional Esophageal Disorders:

Managing Patients With Symptoms and Negative Testing

Moderator: Ronnie Fass, MD, FACP

• Functional Heartburn

Ronnie Fass, MD, FACP

Discuss the diagnosis of functional heartburn and options for management.

• Functional Chest Pain

John O. Clarke, MD, FACP

Review the approach to evaluation of non-cardiac chest pain, and the management of patients with chest pain and negative testing.

• Functional Dysphagia

Charlene Prather, MD, MPH

Describe the diagnostic approach and treatment options for functional dysphagia.

ANNUAL SCIENTIFIC MEETING

Monday through Wednesday, October 25-27, 2021

SYMPOSIUM 4B: Conundrums of Pancreatobiliary Diseases

Moderator: Linda S. Lee, MD

• How Do I Get the Large Biliary Stone Out?

Harry R. Aslanian, MD, FACC

Describe how best to remove large biliary stones while minimizing risk of perforation and pancreatitis.

• Pancreatic Cyst Management 101

Linda S. Lee, MD

Discuss the different guidelines and how to approach pancreatic cyst management.

• 2021 Updates in Diagnosing and Managing Biliary Strictures: Is It Malignant or Not? Stent Both Sides or Not?

Phillip S. Ge, MD

Explain the advances in diagnosing indeterminate biliary strictures utilizing conventional techniques, FISH, DNA analysis, cholangioscopy, nCLE, and artificial intelligence; discuss how best to manage suspected hilar cholangiocarcinoma while avoiding potential pitfalls.

6:25 pm Annual Scientific Meeting Adjourns for the Day

WEDNESDAY, OCTOBER 27, 2021

10:20 am – 10:50 am David Y. Graham Lecture

Navigating the Road From Precision to Prevention in IBD

Marla C. Dubinsky, MD

Introduced by: David A. Greenwald, MD, FACC, ACG President

Discuss biomarkers for monitoring inflammation, using prognostic factors to guide IBD therapy, and explain the preclinical phase of IBD.

10:50 am – 11:00 am Break

SIMULTANEOUS SYMPOSIA – SESSION 5 – Choose from 2

11:00 am – 12:15 pm

SYMPOSIUM 5A: Fecal Microbiota Transplantation at a Crossroads: Where Are We Now and Where Are We Going?

Moderator: Paul Feuerstadt, MD, FACC

• A Clinician's Crash Course to Understanding the Microbiota

Paul Feuerstadt, MD, FACC

Review what the microbiota is and how it is measured and evaluated, recognize what a "normal" microbiota consortium looks like, and define the most common terms used in this field.

• The Future of Microbiota Restoration in *C. difficile* Infections

Sahil Khanna, MD, FACC

Identify the newest investigational microbiota replacement therapy products used to treat *C. difficile* infection.

• Microbiota Restoration in Inflammatory Bowel Disease, Irritable Bowel Syndrome, and Liver Disease

Olga C. Aroniadis, MD, MSc, FACC

Describe the alterations in the microbiota seen in non-*C. difficile* infection gastrointestinal diseases, and explain what the next 1-2 years of research might look like with regard to applying microbiota therapy to these disease states.

SYMPOSIUM 5B: Recent Developments in Esophageal Motility Disorders

Moderator: Katarina B. Greer, MD, MS Epi

• Achalasia Guideline: Breaking It Down – Diagnosis, Pearls, Subtype, Management

Katarina B. Greer, MD, MS Epi

Discuss the common subtypes of achalasia, diagnosis and best management strategies, and how to manage treatment failures.

• The New Chicago Classification Version 4.0: Implications for Clinical Practice

John E. Pandolfino, MD, MSCI, FACC

Review the new Chicago classification of esophageal motility disorders and discuss its implications for clinical practice.

• EGJOO and Opioid-Induced Esophageal Dysfunction: Extra Considerations in Diagnosis, Treatment, and Management

Marcelo F. Vela, MD, MSCR, FACC

Describe esophagogastric junction outflow obstruction diagnosis, differential diagnosis, and management options.

12:15 pm Annual Scientific Meeting Adjourns

ACCREDITATION / CME / MOC

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The American College of Gastroenterology designates this other activity (blended learning) for a maximum of 43.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AMA PRA Category 1 Credits™ are awarded as follows: 28.75 AMA PRA Category 1 Credits™ for the Annual Meeting, and 15 AMA PRA Category 1 Credits™ for the Annual Scientific Meeting Bonus (Breakfast) Sessions (Bonus Session must be purchased separately).

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 43.75 MOC points in the American Board of Internal Medicine's (ABIM) and the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) programs. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM and ABP MOC credit.

On-Demand ANNUAL SCIENTIFIC MEETING Bonus Sessions

! The Annual Scientific Meeting Bonus Sessions will only be available as pre-recorded sessions on the ACG Conference Platform. There will be no in-person Bonus Sessions offered in Las Vegas. *Separate registration is required.*

BONUS SESSION A - Addressing Health Disparities in Various GI Conditions

Moderator: Folasade P. May, MD, PhD, MPhil

• **GI Cancer Disparities: Challenges and Solutions**

Folasade P. May, MD, PhD, MPhil

Describe the impact of disparities in GI cancers and identify approaches to increase screening rates and access to care in populations most at-risk.

• **Liver Transplant Continuum Among Marginalized Minorities: Identifying and Overcoming Obstacles**

Julius M. Wilder, MD, PhD

Recognize the barriers to liver transplantation that marginalized populations often encounter and define strategies to achieve equity in transplantation.

• **IBD Disparities in Minority Communities: Bridging the Gap**

Adjoa N. Anyane-Teboa, MD, MPH

Identify racial and socioeconomic status inequities to accessing and utilizing IBD-related care.

BONUS SESSION B - Let's Play Video: Recognizing Endoscopic Features of IBD

Moderator: Anita Afzali, MD, MPH, FACG

• **The Trailer: Endoscopic Activity—Describe What You See**

Anita Afzali, MD, MPH, FACG

Assess various levels of endoscopic activity and commonly used endoscopic scores in IBD.

• **The Watchful Eye: Colorectal Cancer and Dysplasia Surveillance**

David T. Rubin, MD, FACG

Describe endoscopic dysplastic surveillance in IBD and identify visible, discrete, and resectable lesions.

• **After the Final Cut: Endoscopic Post-Surgical Anatomy in Crohn's Disease**

Miguel D. Regueiro, MD, FACG

Differentiate various forms of post-surgical anatomy and recognize surgical complications during endoscopy.

BONUS SESSION C - Getting to the Skinny on NAFLD and NASH

Moderator: Manal F. Abdelmalek, MD, MPH, FACG

• **Evaluation of NAFLD/NASH Initial Work-Up and Current Treatment Options**

Manal F. Abdelmalek, MD, MPH, FACG

Describe an evidence-based approach to the initial work-up for non-alcoholic fatty liver disease and non-alcoholic steatohepatitis, along with current treatment options, including lifestyle modifications and weight loss.

• **Future Medical Treatments for NAFLD/NASH**

Naim Alkhouri, MD

Summarize evolving and future strategies for NASH treatment, including clinical trial data and implications for clinical practice.

• **Bariatric Endoscopic and Surgical Approaches to Weight Loss for Fatty Liver Disease: What to Use When**

Pichamol Jirapinyo, MD, MPH, and Julie K. Heimbach, MD, FACS

Discuss and compare the role of current and evolving techniques for bariatric endoscopy vs. bariatric surgery, and their potential role in the management of non-alcoholic fatty liver disease.

BONUS SESSION D - Opening Up the Pipes Throughout the GI Tract

Moderator: Jason B. Samarasena, MD, FACG

• **The Cutting Edge of Esophageal Strictures**

Jason B. Samarasena, MD, FACG

Discuss esophageal stricture types (benign, malignant, refractory) as well as the optimal endoscopic approach for each (dilation, incisional therapy, stent, newer techniques).

• **Malignant Gastric Outlet Obstruction: Duodenal Stent, LAMS, or Surgery?**

Richard A. Kozarek, MD, FACG

Compare outcomes for managing GOO with duodenal stent, EUS-guided gastroenterostomy with LAMS, and surgery; and discuss selection of optimal approach and endoscopic techniques.

• **From Volvulus to Colonic Strictures: Endoscopy Versus Surgery**

Rebecca A. Burbridge, MD

Outline best approaches for treating colonic volvulus and benign and malignant colonic strictures, including dilation and stent versus surgery.

BONUS SESSION E - Poopourri: Common Diarrheal Conditions of the Small Bowel

Moderator: Baharak Moshiree, MD, MSc, FACG

• **Small Intestinal Bacterial Overgrowth: What's New?**

Baharak Moshiree, MD, MSc, FACG

Describe the most up-to-date diagnostic and treatment approaches for SIBO.

• **Exocrine Pancreatic Insufficiency: Optimizing Your Practice**

Jodie A. Barkin, MD

Recognize symptoms of and treatment approaches for exocrine pancreatic insufficiency and identify consequences if left untreated.

• **What's on the Horizon for Celiac Disease and Non-Celiac Gluten Sensitivity: Serologies, Dietary, and Non-Dietary Therapies**

Benjamin Lebwohl, MD, MS

Explore new developments in serologic testing, dietary modification, and pharmacologic therapies for celiac disease and non-celiac gluten sensitivity.

BONUS SESSION F - Eosinophilic Esophagitis: Present and Future

Moderator: Amiko M. Uchida, MD

• **EoE Diagnosis and Management in Adult vs Pediatric Populations**

Amiko M. Uchida, MD, and Jacob Robson, MD

Discuss special considerations needed for evaluating and treating EoE in children compared to adults.

• **EoE Treatment: Predicting Success or Failure**

Joy W. Chang, MD

Recognize how specific endoscopic or clinical characteristics predict treatment responses and failures in patients with EoE.

• **Future of EoE: Do We Know What We Don't Know?**

Ikuo Hirano, MD, FACG

Review controversial aspects to treatment and describe how physician-patient shared decision-making can aid in management of difficult patients with EoE.

On-Demand ANNUAL SCIENTIFIC MEETING

Bonus Sessions (cont.)

BONUS SESSION G - Liver Potpourri

Moderator: Joseph K. Lim, MD, FACP

- **Liver Diseases and Pregnancy**

Nancy S. Reau, MD, FACP

Discuss the management of chronic liver diseases in the context of pregnancy, and review evidence-based guidance in the evaluation and treatment of the pregnant patient with intrahepatic cholestasis, acute fatty liver, and HELLP syndrome.

- **Fibrosure, Fibroscan, and Beyond: Using Non-Invasive Liver Fibrosis Tests in Clinical Practice**

Joseph K. Lim, MD, FACP

Review current guidelines on non-invasive liver fibrosis tests, such as serum fibrosis assays and imaging-based elastography, in clinical practice for patients with viral hepatitis and other chronic liver disorders.

- **The Epidemic of Alcoholic Hepatitis: STOPAH the Steroids or Not? Transplant or Not?**

Ashwani K. Singal, MD, MS, FACP

Summarize new guideline recommendations in the evaluation, diagnosis, and management of severe acute alcoholic hepatitis, including the role of corticosteroids and liver transplantation.

BONUS SESSION H - Cutting the Fat: Bariatrics for the Gastroenterologist

Moderator: Pichamol Jirapinyo, MD, MPH

- **Medical Management of Obesity**

Shelby A. Sullivan, MD, FACP

Discuss different options for medical management of obesity including diet, exercise, and medications.

- **Primary Endoscopic Bariatric and Metabolic Therapies**

Christopher C. Thompson, MD, MSc, FACP

Describe when to offer primary endoscopic treatment for obesity and explore current endoscopic options along with their safety and efficacy outcomes.

- **Endoscopic Treatment of Weight Regain Following Bariatric Surgery**

Pichamol Jirapinyo, MD, MPH

Outline the endoscopic approach to treating weight regain following Roux-en-Y gastric bypass and sleeve gastrectomy.

BONUS SESSION I - Viral Infections and the Liver

Moderator: Stanley M. Cohen, MD, FACP

- **Emerging Concepts in the Evaluation and Management of Hepatitis A and E**

Mitchell L. Shiffman, MD, FACP

Summarize the changing epidemiology, natural history, diagnosis, and management of acute hepatitis A and E infections.

- **Hepatitis B Management: Challenges and Controversies**

Stanley M. Cohen, MD, FACP

Discuss evidence-based approaches to challenging issues in hepatitis B management including the care of chronic HBV in pregnancy, and the evaluation, prevention, and management of HBV reactivation in patients undergoing immunosuppressive drug therapy.

- **Hepatitis C Treatment Issues: Elimination, DAA Failures, Special Populations, Reactivation**

Kimberly A. Brown, MD

Review evidence-based guidelines addressing current challenges and controversies in HCV therapy, including HCV elimination, treatment of DAA failures and special populations, and the association between DAAs and both HCC and HBV reactivation.

BONUS SESSION J - Anorectal Disorders

Moderator: Waqar A. Qureshi, MD, FACP

- **Motility Disorders of the Anorectum**

Lavanya Viswanathan MD, MS

Identify when to order, how to interpret, and how to optimize treatments of various anorectal disorders using anorectal manometry.

- **Office Management of Hemorrhoids and Fissures**

Waqar A. Qureshi, MD, FACP

Explain the technique of a well-performed rectal exam, as well as medical and non-medical treatments for hemorrhoids and anal fissures, and the complications of anal fissures and hemorrhoid-based disease.

- **Pruritus and Proctalgia Management**

Satish S. C. Rao, MD, PhD, FACP

Describe the pathophysiology of and differences between pruritus ani and proctalgia fugax, and how to optimize treatment of each.

BONUS SESSION K - Laser-Focused on IBD Targets - Disease Monitoring Strategies

Moderator: Edith Y. Ho, MD, MS, FACP

- **Pin-Pointing Therapeutic Targets in Ulcerative Colitis**

Edith Y. Ho, MD, MS, FACP

Incorporate updated recommendations for assessing UC disease activity.

- **Zooming in on Therapeutic Targets in Crohn's Disease**

Bruce E. Sands, MD, MS, FACP

Summarize invasive and non-invasive strategies for achieving therapeutic goals in Crohn's disease.

- **Locking in on Perianal Disease IBD Targets**

David A. Schwartz, MD, FACP

Formulate treat-to-target strategies in managing perianal Crohn's disease.

OUTSTANDING POSTER PRESENTER RECOGNITION

The College is pleased to continue the tradition of presenting awards for "Outstanding Poster Presenter" at this year's ACG Meeting in Las Vegas. ACG hopes to cultivate the ability of clinical GI researchers to use critical storytelling and presentation skills essential for a career as a clinical investigator and scientific communicator. During the daily Poster Rounds with the Experts, poster presenters may be invited to give a succinct and informative two-minute briefing on their research, followed by one minute of Q&A with a faculty judge. Each judge will select one or more presenters who are best able to communicate their key findings, the significance of their data, and articulate the potential impact of their work for clinicians and patients. Recipients of this award will be recognized with a red ribbon, presented on-site by an expert faculty judge, and will later receive a certificate of recognition. Please note that only those poster presenters who display posters in-person in Las Vegas will be eligible for this special designation.

BONUS SESSION L - ACG's New Guideline on Clinical Use of Esophageal Physiologic Testing: How I Do It

Moderator: C. Prakash Gyawali, MD, MRCP, FACC

- **Obstructive Symptoms: How Best to Sort Out Dysphagia and Regurgitation**
C. Prakash Gyawali, MD, MRCP, FACC
Explain best approaches to obstructive symptoms with and without concurrent reflux symptoms.
- **Typical and Refractory Reflux Symptoms: Making the Most of Our Diagnostic Toolbox**
Amit Patel, MD
Compare and contrast different approaches to the evaluation of reflux.
- **Extra-Esophageal and Atypical Symptoms: How We Can Do Better?**
Charlene Prather, MD, MPH
Discuss current limitations in diagnosing extra-esophageal reflux (cough, LPR), and how improved patient evaluation can lead to improved management.

BONUS SESSION M - Hot Topics in Barrett's Esophagus

Moderator: Christine Y. Hachem, MD, FACC

- **What's New in BE Screening and Surveillance**
Prateek Sharma, MD, FACC
Review pearls of screening and surveillance in Barrett's esophagus.
- **What's New in BE Ablation/Prevention**
Sachin B. Wani, MD
Discuss new ablation protocols and data for prevention in Barrett's esophagus.
- **Managing Difficult and Refractory BE - A Case-Based Discussion**
Christine Y. Hachem, MD, FACC
Identify management strategies for difficult or refractory Barrett's esophagus.

BONUS SESSION N - Practicing Medicine in the Digital Age

Moderator: Amy S. Oxentenko, MD, FACC

- **Telemedicine in GI - A Revolutionary Practice Platform in the Post-COVID-19 World**
Eric D. Shah, MD, MBA, FACC
Outline ways to incorporate telemedicine into your daily clinical practice in the post-COVID-19 world.
- **Building Your Brand: Using Social Media to Improve Your Practice**
Amy S. Oxentenko, MD, FACC
Recognize how to maximize your social media experience while avoiding potential pitfalls.
- **Incorporate Emerging Technologies and AI Into Your Daily Practice**
Seth A. Gross, MD, FACC
Explore the new frontiers of cutting-edge technology and the use of artificial intelligence in GI practice.

BONUS SESSION O - Hepatology Consults: Case-Based Explorations

Moderator: Ayse Aytaman, MD, FACC

- **Evolving Management of Portal Hypertension: Beyond Non-Selective Beta Blockers**
Arun J. Sanyal, MD
Discuss emerging evidence to guide clinical decision-making in the management of cirrhotic portal hypertension, using statins, microbiome, DOACs, albumin, and TIPS.
- **New Approaches to Diagnosis and Management of DILI**
Haripriya Maddur, MD
Review evidence-based guidance on the evaluation and management of drug-induced liver injury including immune checkpoint inhibitor-associated hepatitis.
- **Evidence-Based Approach to Liver Masses and the Role of LI-RADS**
Ayse Aytaman, MD, FACC
Outline current guideline recommendations in the evaluation, diagnosis, and management of patients with liver lesions, and describe the utilization of LI-RADS, a standardized radiologic classification system for liver lesions.

ACG 2021 EXHIBIT HALL

The science and technology of medicine is ever-changing and advancing the practice of gastroenterology. Showcasing these latest advances in technology and therapeutics is the ACG 2021 Exhibit Hall where more than 140 companies will display and demonstrate their products and services live in Las Vegas. In addition, companies will also be available virtually to interact with attendees during ACG 2021 on the official ACG Virtual Conference Platform. With the variety of exhibitors expected to participate, there are certain to be displays of interest for all attendees. Companies that exhibit include pharmaceutical manufacturers, medical instrument suppliers, research companies, technology companies, publishers, non-profit organizations, recruiters, and many others.

Immediately following the conclusion of the Postgraduate Course on Sunday, October 24, join colleagues for the ACG 2021 Opening Welcome Reception in the In-Person Exhibit Hall from 5:15 pm – 7:00 pm. The reception will feature hors d'oeuvres and refreshments. This casual social gathering will give all attendees the opportunity to explore the Hall, meet with exhibitors, and network and mingle with fellow professionals.

ACG 2021

LATE-BREAKING — ABSTRACTS

AGAIN THIS YEAR, for the ACG Annual Scientific Meeting, ACG will consider late-breaking abstracts of high quality clinical research results. ACG will consider extending the program to create a few additional oral presentation slots in response to submissions of great merit and clinical interest.

Please do not resubmit abstracts already considered during the regular 2021 abstracts review process.

Late Breaking Abstract Submission Period
Opens Monday **August 16, 2021.**

Deadline to submit late-breaking abstracts:
THURSDAY, SEPTEMBER 2, 2021
11:59 pm Eastern Time
