JOIN YOUR COLLEAGUES IN VANCOUVER FOR ACG 2023

The Premier GI Clinical Event of the Year!

Dear Colleagues:

It is my great pleasure to invite you to ACG 2023, the American College of Gastroenterology's Annual Scientific Meeting and Postgraduate Course, which is the premier GI clinical event of the year. The College celebrates the value of live meetings as important professional opportunities to network and engage with your colleagues while immersing yourself in excellent clinical research and educational updates. True to our Mission and Vision, ACG 2023 will offer meaningful ways to connect in-person with colleagues and engage with faculty. Don't miss the chance to gather in Vancouver, Canada at the Vancouver Convention Centre for courses and scientific plenary sessions with a focus on the educational needs and priorities of clinical GI practitioners and to experience the energy and excitement of convening live.

Internationally known faculty and rising stars in the fields of gastroenterology, hepatology, and endoscopy will deliver the latest clinical updates on common and not-so-common GI disorders, and interact with attendees, address questions, and engage in lively debates.

Can't make it to Vancouver for some or all of the meeting? ACG has you covered with convenient virtual or on-demand options for all courses. Access to recorded sessions and on-demand lectures will be available in the ACG Conference Platform until March 31, 2024.

ACG 2023 delivers many benefits to attendees:

- Networking events to connect with old colleagues and make new friends
- Accessible scheduling of educational sessions that provide ways to enhance patient care and improve practice efficiency
- CME credits and MOC points for all courses
- · Access to all sessions on-demand so both in-person and virtual attendees will not miss a minute of programming
- Plenary presentations and thousands of posters showcasing high impact clinical research
- An exhibit hall displaying the latest advances in technology and therapeutics
- FREE Endoscopy School Hands-On Workshop Center to learn about new tools and techniques

The ACG Annual Scientific Meeting is the ONLY major GI meeting that is still offered as a member benefit at no extra charge, thanks to the support of our exhibitors and sponsors. ACG members also receive discounted registration rates for the Postgraduate Course and Friday courses. The College can continue to offer this member benefit thanks to the participation of our exhibitors, as well as sponsorships and promotions which help to offset costs for the meeting. Without their support, the meeting in its current form would not be possible. Exhibitor participation also gives you the opportunity to learn the latest information about their products without disrupting your busy work schedule. I encourage every attendee to visit the Exhibit Hall while at ACG 2023, take advantage of all that you can see and learn, and express your appreciation to exhibitors for their participation at the meeting.

Join me in Vancouver—a new city for the Annual Meeting and Postgraduate Course—from October 20th through the 25th, to connect with colleagues and friends while enjoying unparalleled clinical education. Take a moment to register today. I look forward to seeing you there!

– Daniel

ACG is offering flexible registration options for this year's hybrid conference. Registrants can choose to attend in-person in Vancouver, participate virtually, or select a combination of both. Pricing is the same for all courses, whether selecting in-person or virtual registration.

Both in-person and virtual registration includes access to presentation handouts, slides, and recorded on-demand content (based on course registration) on the ACG 2023 Conference Platform until March 31, 2024.

Virtual registrants will use the Conference Platform to watch the livestreamed sessions during the conference dates.

(Note: On-demand recordings and presentation slides from the Friday ASGE Endoscopy Course will only be available via ASGE's GI Leap platform.)

BUNDLE AND SAVE! Register for two or more paid courses and receive a 10% discount on your registration fees. The Postgraduate Course Optional Learning Luncheon Bonus Sessions and Annual Meeting Bonus Sessions do not count towards the bundle discount.

◆ visit acgmeetings.gi.org for details.

GENERAL INFORMATION

RECOMMENDATIONS FOR COVID-19 AND OTHER INFECTIOUS DISEASES

The American College of Gastroenterology endorses evidencebased public health measures designed to prevent and minimize the spread of infectious diseases. To support safely and responsibly convening at ACG's educational programs, the College strongly encourages all in-person attendees at its meetings to follow national and local public health recommendations. While the College has convened meetings safely in the current environment, ACG cannot guarantee that an attendee will not be exposed to infectious diseases. Anyone experiencing symptoms should refrain from in-person attendance and instead participate in those programs available through virtual access. ACG will continue to monitor the situation and make necessary and appropriate adjustments.

REGISTRATION IS NOW OPEN

Registration for ACG 2023 is available online only through the meeting's secure website, **acgmeetings.gi.org**.

Registration will remain open until Sunday, December 31, 2023, and you can continue to register for virtual access to the ACG 2023 Conference Platform through that date. All registrants will have access to the Conference Platform until March 31, 2024. For questions regarding registration, contact Meeting Services at **registration@gi.org** or **301-263-9000**.

ON-SITE REGISTRATION

You may register on-site at the ACG 2023 Registration Desk at the Vancouver Convention Centre, Level 1 City Foyer beginning at 6:00 am on Friday, October 20. Some sessions have limited space available so preregistration is strongly recommended. Any credit card payment for onsite registration or ACG Store purchases will be charged in U.S. Dollars. For payments made using cash, ACG will only be accepting U.S. dollars.

CANCELLATION

Written notice of cancellation and requests for refunds must be sent to **registration@gi.org** by Wednesday, **September 27**. After this date, no refunds will be possible. Registration cancellations are not accepted by telephone. **There will be a \$50 administrative fee assessed for cancellation of paid events.** Refunds will be issued after the meeting.

MEETING MATERIALS

Meeting materials for registrants attending in-person in Vancouver, such as attendee badges and bags, will be available for pick-up on-site at the ACG 2023 Registration Desk beginning on Friday, October 20.

Both in-person and virtual registrations include access to presentation handouts, slides, and on-demand content (based on course registration) on the ACG 2023 Conference Platform until March 31, 2024. Virtual registrants will use the Conference Platform to watch the livestreamed sessions during the conference dates. Handouts and slides will remain available on the ACG mobile app after March 2024.

EXHIBIT HALL

The science and technology of medicine is ever-changing and advancing the practice of gastroenterology. The ACG 2023 Exhibit Hall will showcase these latest advances in technology and therapeutics where more than 150 companies will display and demonstrate their products and services. Companies that exhibit include pharmaceutical manufacturers, medical instrument suppliers, research companies, technology companies, publishers, non-profit organizations, recruiters, and more.

THE ACG STORE

Visit the ACG Store in the Ballroom Foyer of the Vancouver Convention Centre while at the meeting to purchase promotional items. Friday, October 20 - Tuesday, October 24 from 8:00 am - 5:00 pm

ABOUT ACG

The American College of Gastroenterology is a recognized leader in educating GI professionals and the general public about digestive disorders. Our mission is to advance world-class care for patients with gastrointestinal disorders through excellence, innovation, and advocacy in the areas of scientific investigation, education, prevention, and treatment. Learn more about ACG: **gi.org**.

ACCOMMODATIONS

Rooms have been blocked at nine hotels in close proximity to the Vancouver Convention Centre. The Fairmont Waterfront, located at 900 Canada Place, will be the official ACG headquarters hotel. Book your room now through the official housing website. See page **6** for more information.

AMERICANS WITH DISABILITIES ACT (ADA)

Participants for ACG 2023 who need additional reasonable accommodations or have special needs should contact the ACG office no later than **September 27, 2023** at **registration@gi.org**.

PRIVATE NURSING ROOMS

ACG will offer a dedicated private room for nursing mothers. Please stop by the ACG Registration Desk for details.

LIVESTREAMING AND RECORDED SESSIONS

Starting Friday, October 20, sessions will be livestreamed from Vancouver each day, and broadcast in Pacific Standard Time on the Conference Platform website. With the exception of the Friday Practice Management Summit, all courses will be livestreamed.

Note: Both the Postgraduate Course and the Annual Scientific Meeting include daily simultaneous sessions. ACG will livestream one of the simultaneous sessions. Sessions that are not livestreamed will be recorded and available to watch after the meeting until March 31, 2024.

All sessions at ACG 2023 will be recorded, and these videos will be available to watch on the Conference Platform after the meeting until March 31, 2024.

Both in-person and virtual registration include access to recorded ondemand content and to presentation slides (based on course registration) on the Conference Platform until March 31, 2024.

See page 8 for additional details.

HOUSING & TRAVEL

ENJOY YOUR STAY IN VANCOUVER AT ONE OF THESE HOTELS IN THE ACG 2023 ROOM BLOCK.

VISA AND TRAVEL DOCUMENTATION

U.S. RESIDENTS

Residents of the United States will need a valid U.S. Passport for travel into and out of Canada. Government rules state that your passport should be valid for at least 30 days from the date of exit, but it's recommended that you have at least six months on your passport beyond the date of travel. We encourage you to confirm now that your passport is up to date, and if necessary, to start the renewal process early, as it can take up to 13 weeks.

APPLYING FOR A VISA

For information on applying for a visa or Electronic Travel Authorization (eTA) to attend ACG 2023 in Vancouver, Canada, visit the Government of Canada website (https://www.canada.ca/en/immigrationrefugeescitizenship/services/visit-canada.html).

Specific documentation and length of processing time will depend on the country you are traveling from. We recommend applying for a travel visa as early as possible. For more information on the steps for applying for a visitor visa, visit https://www.canada.ca/en/immigration-refugeescitizenship/services/visit-canada/steps-apply-visitor-visa.html.

Regarding those who are living and working in the United States on visas (e.g. J1, H-1B, etc.), ACG has made inquiries and spoken with authorities in Canada as well as employers of those on visas in the U.S. We want to note that most institutions that employ trainees and faculty on visas have paperwork and other resources to assist with the process. We encourage anyone who is unsure about the steps they need to take to travel to Canada and return to the U.S. to first to contact their institution and the government resources cited above.

OFFICIAL ACG 2023 DOCUMENTATION

ACG provides several documents as proof of your intended participation in the conference. Please note that ACG cannot provide further communication with the Canadian Government on behalf of any conference registrant.

- Registration Confirmation: Once you have completed your registration for ACG 2023, you will receive a confirmation e-mail. The e-mail will outline the courses that you have registered for, as well as show proof of payment. If you do not receive this e-mail upon completion of your registration, please contact registration@gi.org or call 301-263-9000.
- Letter of Invitation: A link to a personalized Letter of Invitation will be included in all registration confirmation e-mails. ACG cannot provide Letters of Invitation to individuals who have not fully registered for the conference.

TRAVEL RESTRICTIONS

For the most up-to-date information regarding travel restrictions on entry into Canada, please visit: https://travel.gc.ca/.

THE ACG 2023 CONFERENCE PLATFORM

THE ACG 2023 CONFERENCE PLATFORM IS FOR

ALL PARTICIPANTS! In-person and virtual attendees can use the Conference Platform to

- Browse the sessions, presentations, speakers, and abstracts and build a personal schedule.
- ✓ Connect with other attendees.
- Watch daily livestream sessions and on-demand presentations (based on course registration).
- ✓ Access and download the slide presentations.
- Visit the ePoster Hall and interact with poster authors.
- ✓ Explore the Virtual Exhibit Hall.

DAILY LIVESTREAMING

Starting on Friday, October 20, all sessions, with the exception of the Practice Management Summit, will be livestreamed from Vancouver each day, and broadcast in Pacific Standard Time on the Conference Platform website.

Note:

- Livestream sessions will ONLY be available on the Conference Platform, NOT via the app, and participants must be logged in with their platform account.
- The Postgraduate Course and the Annual Scientific Meeting include daily simultaneous sessions. ACG will livestream one of the simultaneous sessions. Those sessions not livestreamed, including the luncheon sessions, will be posted as on-demand content after the meeting.

ON-DEMAND PRESENTATIONS AND SLIDES

In-person and virtual registration includes access to on-demand content and presentation slides (based on course registration) through the Conference Platform. Recorded sessions will be available after the meeting until March 31, 2024. Registrants who purchase Bonus Sessions can watch these recordings on the Conference Platform starting October 20, 2023, until March 31, 2024.

VIRTUAL EXHIBIT HALL

In addition to the in-person Exhibit Hall in Vancouver, ACG 2023 will include a Virtual Exhibit Hall component with dynamic features designed to enhance your experience, whether it's in-person or virtual! All attendees will have access to the Virtual Exhibit Hall on the Conference Platform October 20 - October 26, 2023. As always, your support of the ACG exhibitors is vital as it allows the ACG to keep offering the Annual Scientific Meeting FREE for members.

Explore Beautiful VANCOUVER

NESTLED BETWEEN SNOW-CAPPED MOUNTAINS AND THE SPARKLING OCEAN, VANCOUVER IS ONE OF THE MOST BEAUTIFUL CITIES IN THE WORLD. It offers Canada's best climate with mild winters and warm summers moderated by Pacific Ocean currents. Here is a Top 9 list!

» Stanley Park: Rent a bicycle and ride all the way around an old growth forest, visit ancient Aboriginal village sites, steal a tan at the beach, stroll through a rose garden or get up close and personal with sea lions and Pacific dolphins. Vancouver's Stanley Park was named the World's Best Park by Trip Advisor.

» Granville Island: What was once an industrial manufacturing hub, is now the meeting place for well-to-do Vancouverites and tourists to shop for organic produce, sip on premium teas, sample fine chocolates, listen to buskers, and watch sleek yachts sidle up to the dock.

» Vancouver Aquarium: One of North America's largest aquariums, and conveniently located in the heart of Stanley Park, this attractions is one of the most popular in Vancouver.

» Window Shop in Gastown: Vancouver proper began in what is now the trendy neighborhood of Gastown. Enjoy European eateries, cocktail lounges, boutiques, Canadian goods, and galleries.

» Vancouver Seawall: Vancouver has the world's longest uninterrupted waterfront path. The 28 km Seaside Greenway includes the Stanley Park Seawall, that extends from the Vancouver Convention Centre to Spanish Banks Park and is perfect for a walk, cycle, or jog.

» VanDusen Botanical Garden: Garden enthusiasts from around the world love wandering the tranquil 55 acres of Vancouver's VanDusen Botanical Gardens. Explore over 7,500 plant species from around the world in a peaceful setting.

» Watch a Concert at the Commodore Ballroom: Originating in the 1920s during the vibrant Art Deco era, the Commodore has hosted the likes of Sammy Davis, Jr., U2, Tina Turner, and Lady Gaga.

» Catch a Canucks Game: Canada is hockey country. Watch the Vancouver Canucks go head-to-head with any number of NHL teams during your visit.

» Take a Drive up the Sea-to-Sky Highway: Rated as one of the most beautiful drives in the world, the Sea-to-Sky corridor takes visitors on a 1.5-hour long journey, from the heart of downtown Vancouver to the world class ski town of Whistler. With waterfalls, jaw-dropping vistas, a stunning cultural center, and a suspension bridge along the way, you'll want to bring your camera.

FEATURED LECTURES

DAVID SUN LECTURE

Join colleagues as Dr. Paul Kwo presents the David Sun Lecture on the changing epidemiology of liver disease and how to best care for the growing population of patients with NAFLD, alcohol-associated liver disease, and end stage liver disease.

Paul Kwo, MD, FACG, is currently Professor of Medicine and Director of Hepatology at Stanford University where he joined the faculty in November 2016. Prior to joining the faculty at Stanford, he was at Indiana University for 21 years where he served as the Medical Director of Liver Transplantation. He has distinguished himself in the field of Hepatitis C therapeutics and has been the principal investigator on multiple international trials. He recently authored the ACG Clinical Guideline on Evaluation of Abnormal Liver Chemistries.

 The David Sun Lecture, held during the Postgraduate Course, was established by Mrs. Sun in memory of her husband, Dr. David Sun, an outstanding gastroenterologist and investigator. Each year, a lecturer with a distinguished background in gastroenterology or an allied field is chosen by the ACG President subject to the approval of the ACG Educational Affairs Committee and the Board of Trustees.

THE AMERICAN JOURNAL OF GASTROENTEROLOGY LECTURE

Learn how epidemiological data can inform clinical practice when Dr. Bernstein presents The *American Journal of Gastroenterology* Lecture.

Dr. Charles Bernstein, a graduate from the University of Manitoba Faculty of Medicine, and the UCLA Division of Gastroenterology Fellowship Training Program is Distinguished Professor of Medicine, Bingham Chair in Gastroenterology Research; and Director, Inflammatory Bowel Disease (IBD) Clinical and Research Centre at the University of Manitoba. His main research interests are primarily related to IBD; in terms of optimizing management approaches; exploring predictors of clinical outcomes; and disease etiology including related to the gut microbiome. Dr. Bernstein has been a pioneer in Canada in harnessing administrative health data to study chronic immune diseases and in developing a population based database, the University of Manitoba IBD Epidemiology Database, that has both served as a model for the development of other similar databases in other provinces as well as a unique tool to study IBD. More recently, he has been actively involved in exploring the biological and clinical intersection between different chronic immune mediated inflammatory diseases. He has published over 680 peer reviewed articles, 29 book chapters, and is a coeditor of one of the seminal gastrointestinal clinical-pathology textbooks. As of April, 2023 his Scopus H-Index is 98 and he has had over 45,000 citations. In 2009, he was named the inaugural Bingham Chair in Gastroenterology at the University of Manitoba. In 2012, he was elected to the Royal Society of Canada -Life Sciences Division of the Academy of Science. In 2019, he was awarded the Crohn's and Colitis Canada Research Leadership Award.

• The AJG Lecturer was chosen by the co-editors of The American Journal of Gastroenterology with approval from the ACG Educational Affairs Committee and the Board of Trustees.

GENERAL

J. EDWARD BERK DISTINGUISHED LECTURE

At this year's J. Edward Berk Distinguished Lecture, Dr. Sethi will discuss the risk factors for pancreatic cancer as well as innovation in endoscopic methods for diagnosis and advances in management.

Amrita Sethi, MD, is an Associate Professor of Medicine at Columbia University Irving Medical Center in New York. She is the Director of Interventional Endoscopy and the Advanced Endoscopy Fellowship Program Director. Dr. Sethi completed her general GI fellowship at MCV in Richmond, VA, and then her advanced endoscopy fellowship at the University of Colorado. She started at Columbia in New York in 2008 and has remained there since. Her clinical practice and research interests include ERCP, cholangioscopy, therapeutic EUS, ESD, POEM, and other areas of third space endoscopy, endoscopic innovation, and endoscopic education. Dr. Sethi has spoken extensively on these topics and served as course faculty during numerous live endoscopy courses, both nationally and internationally. She is the founder and president of Women in Endoscopy (WIE), a global organization started to foster mentorship and promote leadership for women in interventional endoscopy. She is also the Vice-Chair for AGA's CGIT. And in 2020, she was awarded the Master Endoscopist Award by the ASGE. Lastly, she served as the President of the New York Society for Gastrointestinal Endoscopy (NYSGE) in 2020 and helped to lead the NY GI community through the COVID crisis.

• The J. Edward Berk Distinguished Lecturer is awarded to individuals prominent in gastroenterology or a related area. The lecturer is nominated by the ACG President and the appointment is subject to approval by the Board of Trustees. The lectureship was established in recognition of the significant contributions made by J. Edward Berk, MD, MACG, to clinical gastroenterology during his long and distinguished clinical and academic career.

EMILY COURIC MEMORIAL LECTURE

HPV Related Cancers – Are Your Patients Being Misdiagnosed? Marcia Cross

Join Ms. Cross as she delivers the Emily Couric Memorial Lecture and discusses the role of the gastroenterologist and the GI care team in the recognition, diagnosis, and management of anal and other HPV related cancers.

Marcia is the co-founder of THE HPV ALLIANCE, an organization that is committed to educating the public about the HPV virus and the cancers it can cause. Her own diagnosis and treatment of anal cancer inspired her to speak out to help destigmatize the shame that too often accompanies this cancer. She is fiercely dedicated to saving lives through prevention, early detection, and patient and doctor education. No one should lose their lives because of this virus. As an actress, Marcia Cross is best known for her role as Bree Van de Kamp on the ABC hit series Desperate Housewives for which she was nominated for three Golden Globes and one Primetime Emmy. A graduate of The Juilliard School, she began her career doing plays at The Williamstown Theatre Festival, The Hartford Stage Company as well as the The Old Globe Theatre in San Diego where she was cast as Viola in Twelfth Night and Silvia in Two Gentlemen of Verona. Cross also starred in the television series Melrose Place and the critically acclaimed Everwood.

 The Emily Couric Memorial Lecture was developed by the ACG, the Virginia Gastroenterological Society, and the Old Dominion Society of Gastroenterology Nurses and Associates in honor of Virginia State Senator Emily Couric, who died of pancreatic cancer in October 2021. Senator Couric was a strong advocate for health care issues, particularly in her instrumental work to pass the nation's first legislation mandating health insurance coverage for colorectal cancer screening.

DAVID Y. GRAHAM LECTURE

Attend Dr. Johnson's David Y. Graham Lecture and gain a better understanding of the current associations between the intestinal microbiome and purported disease states.

David A. Johnson, MD, MACG, is Professor of Medicine/Chief of GI at the Eastern Virginia School of Medicine. He has published over 600 articles/abstracts. He edited the books, "Sleep Effect on Gastrointestinal Health and Disease: Translational Opportunities for Promoting Health and Optimizing Disease Management" (2018), "Gut Microbiome: New Understanding and Translational Applications for Disease Management" (2015), and the ACP book "Dyspepsia," (2008), as well as the 2005 and 2010 GI Clinics of North America series on "Obesity Issues for Gastroenterologists," and edited the 2012 ACP module on CRC screening. He is a Past President of ACG (2006-2007). Since 2000, he has served on both the GI Multi-Society CRC Screening Task Force and ACG guidelines committee for CRC screening and has co-authored these screening guidelines and others. He has delivered multiple named lectures, including the AJG Lecture in 2005, the Emily Couric Memorial Lecture in 2010, and the J. Edward Berk Distinguished Lecture in 2015. In May 2012, he was acknowledged as the invited lecturer at the National Institutes of Health as a "Great Teacher" (this distinction is awarded to 2 non-NIH physicians each year). He has been honored by ACG as a "Master of Gastroenterology," received ACG's Berk/Fise Clinical Achievement Award in 2012 for lifetime achievements and contributions, and received the William D. Carey ACG Board of Governors Award for lifetime distinguished contributions in 2015. In 2016, Dr. Johnson received the AGA Distinguished Educator Award, and in 2018, was named as a Master of the ACP. He served for 6 years on the American Board of Internal Medicine (Gastroenterology) Board of Examiners, is currently section editor for MedScape GI, and was esophageal section editor for Journal Watch Gastroenterology (NEJM) 2000-18. In 1999-2000, he worked with State Senator Emily Couric to develop the historic legislation to mandate colon cancer screening with colonoscopy as the preferred standard.

The Graham Lecture is chosen by the ACG President and is subject to approval by the Board of Trustees. Established in 2004 in recognition of the many contributions to clinical gastroenterology made by David Y. Graham, MD, MACG, this named lectureship was made possible through a donation by Otsuka Pharmaceuticals Co., Inc. and Meretek Diagnostics, Inc.

The Friday afternoon Practice Management Summit will not be livestreamed. It will be held in-person and will be recorded and posted as on-demand content to the Conference Platform after the meeting.

GI PATHOPHYSIOLOGY COURSE

Friday, October 20, 2023 | 7:00 am - 12:30 pm | West Ballroom B

Course Directors: Darwin L. Conwell, MD, MS, FACG, and Ikuo Hirano, MD, FACG

COURSE DESCRIPTION

Gain a better understanding of gastrointestinal disease processes and their impact on clinical presentation of patients when you attend the GI Pathophysiology Course. Experts will review the underlying causes and clinical implications of commonly encountered diseases seen in practice. Lecture presentations will be followed by interactive question and answer sessions. The discussions will be clinically based and will offer points on how to better help patients with difficult-to-manage disease processes. The course faculty are recognized experts in their fields and pioneers in better understanding of the disease processes in gastroenterology.

The course is designed primarily for clinicians in GI/hepatology, as well as physician assistants, nurse practitioners, and other advanced practice healthcare professionals interested in the clinical application of GI pathophysiology.

ACCREDITATION / CME / MOC

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The American College of Gastroenterology designates this other activity (blended learning) for a maximum of 5.25 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component,

enables the participant to earn up to 5.25 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) and the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) programs. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM and ABP MOC credit.

B WHAT'S NEW IN GI PHARMACOLOGY COURSE

Friday, October 20, 2023 | 1:45 pm - 5:20 pm | West Ballroom B

Course Directors: Brooks D. Cash, MD, FACG, and William D. Chey, MD, FACG

COURSE DESCRIPTION

Experts will define and describe the use and management of new pharmacological therapies as well as provide updates on current pharmacological treatment options for a variety of GI disorders during the What's New in GI Pharmacology Course.

ACCREDITATION / CME / MOC

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The American College of Gastroenterology designates this other activity (blended learning) for a maximum of 3.25 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component,

enables the participant to earn up to 3.25 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) and the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) programs. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM and ABP MOC credit.

COURSE AGENDA

- 1:45 pm Welcome and Introductions Brooks D. Cash, MD, FACG, and William D. Chey, MD, FACG
- **1:50 pm Burning Issues in Treating GERD** Stuart J. Spechler, MD, MACG Identify current best practices for diagnosing and treating GERD and review emerging pharmacotherapies for acid suppression.
- 2:10 pm Evaluation and Management of Belching and Flatulence Lucinda A. Harris, MD, FACG Investigate the prevalence and pathophysiology of bothersome belching and flatulence and their pharmacologic and nonpharmacologic management approaches.
- 2:30 pm Gastroparesis and UGI Motility-Promoting Medications Brooks D. Cash, MD, FACG

Apply best evidence for the diagnosis and pharmacologic therapy of gastroparesis and medications promoting gastric motility.

2:50 pm Medical Management of Acute Liver Failure

Kimberly A. Brown, MD

Identify currently available and emerging management strategies and outcomes for patients with acute liver failure.

3:10 pm Q & A

3:25 pm Break

3:40 pm Current Management Strategies for Hepatitis B

Paul Y. Kwo, MD, FACG

Understand the various presentations of acute and chronic hepatitis B and review current pharmacologic treatment recommendations.

4:00 pm Immune Checkpoint Inhibitor Complications Yinghong Wang, MD, PhD

Review the incidence, diagnosis, and impact of immune checkpoint inhibitor-induced gastroenterological and liver complications and their management.

4:20 pm Microbiome-Based Treatments for IBS

William D. Chey, MD, FACG Review the evidence for the management of IBS with pharmacologic therapies impacting the human gut microbiome.

4:40 pm Current and Emergent Medical Therapy for Ulcerative Colitis

Jami A.R. Kinnucan, MD, FACG Review the newest information regarding the management of ulcerative colitis, and discuss the therapeutic pipeline.

5:00 pm Q & A

PRACTICE MANAGEMENT SUMMIT 2023:

Adaptation Is the New Norm - Creating Opportunity in Challenging Environments Friday, October 20, 2023 | 1:45 pm - 5:30 pm | Rooms 109/110

Course Directors: Manoj K. Mehta, MD, FACG, and Michelle L. Hughes, MD

COURSE DESCRIPTION

Healthcare delivery is transforming at an accelerating rate, but opportunities in the field of gastroenterology remain strong for private practice physicians to claim ownership of their practices and their careers. Managing challenges to independence will be even more important during these changing times, but that alone will not be enough for success. Participants in the Practice Management Summit will hear from colleagues about new and innovative ways to improve operations, enhance productivity, and guarantee success of their practices.

ACCREDITATION / CME / MOC

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The American College of Gastroenterology designates this other activity (blended learning) for a maximum of 4.5 *AMA PRA Category* 1 *Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 4.5 Medical

Knowledge MOC points in the American Board of Internal Medicine's (ABIM) and the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) programs. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM and ABP MOC credit.

COURSE AGENDA

1:45 pm Welcome and Introduction

Manoj K. Mehta, MD, FACG and Michelle L. Hughes, MD

<u>SESSION 1</u>: Growing Through Discourse – Navigating Conflict in Your Practice

Moderator: Manoj K. Mehta, MD, FACG

1:50 pm Sunrise vs Sunset of A GI Career – Can Motivations Really Align?

Early Career – J. Andy Tau, MD Later Career – Vonda G. Reeves, MD, MBA, FACG Compare and contrast the needs, perspectives, and expectations of GI providers at different career stages.

2:20 pm Restrictive Covenants in 2023 – Can We Compete With Non-Competes?

Steven L. Carpenter, MD, FACG and Ann M. Bittinger, JD Discuss the pros and cons of restrictive covenants in their current state and the implication for GI practices.

2:50 pm Bridging the Chasm: Leveraging Emotional Intelligence to Navigate Conflict

David J. Hass, MD, FACG

3:20 pm Q&A

Describe how emotional intelligence techniques can be used to successfully lead teams and overcomes barriers in your practice.

This program will be held in-person, recorded, and available as on-demand content after the meeting (no livestream option will be offered).

3:35 pm Break

<u>SESSION 2</u>: Turning Your Hard Work Into Profits – Billing, Coding, and New Horizons Moderator: Michelle L. Hughes, MD

3:50 pm Challenging Cases in Billing and Coding – Avoiding Common Pitfalls to Maximize Collections Kathy A. Mueller, RN, CPC, CCS-P, QMC, QMGC, ICD-10 Proficient Apply current billing and coding regulations to commonly encountered clinical scenarios to improve your revenue and avoid penalties.

4:10 pm GI Hospitalists – Growing Your Practice to Succeed in the Inpatient Space Melissa Latorre, MD, MS

Define the benefits of GI hospitalists and how they can be utilized to grow your practice.

4:30 pm The Team Approach – The Use of Advanced Practice Providers to Expand Practice Capacity Sarah M. Enslin, PA-C

Identify ways to incorporate advanced practice providers to expand your practice.

4:50 pm Q&A

<u>SESSION 3</u>: The Future of GI – Learning FL rom Each Other Moderator: Manoj K. Mehta, MD, FACG

5:05 pm Lessons That Cross Borders: The Single Payor System – What Works and What Doesn't? Nikila C. Ravindran, MD, FACG

Describe the realities of practice in a single-payor system and the lessons to be learned that cross international borders.

5:25 pm What's to Come: The Growth of GI and Adaptation to Disruptive Technology

Praveen Suthrum, MBA Examine the current trends in gastroenterology and how new technology will impact the future of the field.

ASGE ENDOSCOPY COURSE:

Innovative Practices for the Endoscopist of Today, Tomorrow, and Beyond Friday, October 20, 2023 | 8:00 am - 4:45 pm | West Ballroom A

Course Directors: Juan Carlos Bucobo, MD, FASGE, Vaishali Patel, MD, MHS, and Renee L. Williams, MD, MHPE, FACG

COURSE DESCRIPTION

This comprehensive course aims to provide a practical approach to understanding the most updated guidelines focusing on endoscopy and innovative techniques at the forefront of gastroenterology. Sessions and faculty were thoughtfully curated to represent a variety of clinical backgrounds and perspectives on the most up-to-date management of important digestive disease states and the use of endoscopic techniques. Topics will include post-ERCP pancreatitis, adverse events in EGD and EUS, management of cholangitis and hilar obstruction, the continued potential uses of AI in endoscopy, importance of health equity in the endoscopic suite, and the application of entry level and career learning using competency based medical education models.

We are offering the option to participate in-person or virtually from your home or office. The ability to engage with faculty and participate in realtime Q&A sessions will be available in both formats. Course materials will be available prior to the start of the course. Upon completion, you will receive access to the recording of each presentation along with downloadable pdf files of presentations in GI Leap. CME and ABIM MOC credits are available. We look forward to your participation at this hybrid event.

ACCREDITATION / CME / MOC

The American Society for Gastrointestinal Endoscopy (ASGE) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

ASGE designates this live activity for a maximum of 7 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the

participant to earn up to 7 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

LEARNING OBJECTIVES

- · Review the most relevant ASGE guideline recommendations and their application to your endoscopic practice. (Comprehension)
- · Discuss the importance of health inequities and the impact it has on your endoscopic practice. (Comprehension)
- · Compare and contrast the latest endoscopic technologies and techniques (e.g. ERCP, EGD, EMR, EUS, AI, etc.) and how each could benefit your patient services. (Evaluation)
- Recognize the interplay of health professions, education, and research in endoscopy. (Knowledge)

PROGRAM DESCRIPTION

With the need to remain abreast of the many new and emerging advancements in the field of gastroenterology and the patient volume increasing as the population ages, the clinical gastroenterologist is more challenged than ever to deliver the best patient care in each situation they encounter. Research across gastroenterology and hepatology areas progresses at a rapid pace. Advances in technology, diagnostic modalities, and therapeutic options have had a positive impact on the management of many GI diseases. Scientific education, based on critical foundational knowledge and clinical skills, the communication of practical methods for treatment, and the ability to integrate the newest tools in diagnosis with the latest therapeutic/treatment options, are key necessities for the GI clinician to deliver top quality patient care. This course will provide updates on a variety of gastroenterology and hepatology subjects including IBD therapy, colorectal cancer screening, functional GI disorders, esophageal disorders, GI bleeding, and liver disease. Expert faculty will deliver scientific presentations in a variety of formats. Didactic lectures, followed by interactive question and answer sessions, a choice of simultaneous sessions, and in-person and on-demand Optional Learning Luncheons (separate purchase required) on the latest topics in GI and liver clinical care will be offered.

The program is designed primarily for clinicians in GI/hepatology, as well as physician assistants, nurse practitioners, and other advanced practice providers interested in a scientifically sound approach to the management of GI and liver illnesses.

SATURDAY, OCTOBER 21, 2023 | 7:55 AM - 5:00 PM | WEST BALLROOM

7:00 am Registration Open

Level 1 City Foyer

7:55 am Introduction by Course Directors

SESSION 1A: It's All About Inflammation

Moderator: Anita Afzali, MD, MPH, MHCM, FACG

8:00 am Treating the Moderate, Severe, and Refractory Crohn's Patient: New Treatments Explored Sunanda V. Kane, MD, MSPH, FACG Apply current evidence-based strategies for treating refractory and severe Crohn's disease.

8:20 am RCT Buzz for UC

Millie D. Long, MD, MPH, FACG Discuss the most recent and up-to-date randomized, controlled data in ulcerative colitis care.

8:40 am The Non-IBD Colitis: Microscopic, Indeterminant, and Diverticular Disease-Associated Colitis Anita Afzali, MD, MPH, MHCM, FACG

Explain the diagnosis and treatments of other non-IBD colitides commonly seen in GI practice.

9:00 am Healthcare Maintenance Needs in the IBD Patient Andres J. Yarur, MD, FACG

Describe optimal preventive care in patients with inflammatory bowel disease.

9:20 am Panel Q&A

9:40 am Break

The David Sun Lecture - In With the New, While Managing the Old: How to Care for the Changing Face of Those With Liver Disease Paul Y. Kwo, MD, FACG

Describe the changing epidemiology of liver disease and how to care for our growing populations of NAFLD, alcohol-associated liver disease, and end-stage liver disease.

EXISION 1B: All About "Functional" or Dysfunctional Bowel Disorders Moderator: Baharak Moshiree, MD, MSc, FACG

10:30 am IBS Pearls of Wisdom in Management: Beyond Individual Symptom Improvement Darren M. Brenner, MD, FACG

Review the evidence-based guidelines and how they can help navigate patients through their global IBS symptoms.

10:50 am Taking Out the Word "Functional" in GI Disorders? Redefining Functional as DGBI

Lin Chang, MD, FACG Explain why the term "DGBI" is more representative of many chronic GI diseases and how the multidimensional viewpoint leads to a patient-centered care model; how the diagnosis of DGBIs is a positive diagnosis based on ROME IV criteria rather than a diagnosis of exclusion and why.

11:10 am Bloating: Is It Really All Just a Visceral Sensation?

Baharak Moshiree, MD, MSc, FACG Categorize the overlap of bloating seen in many disorders of gut-brain interaction and organic diseases that may need further investigations and varied treatments.

11:30 am ACG Updates on Gastroparesis and Functional Dyspepsia From Around the Globe Linda Anh B. Nguyen, MD, FACG

Contrast the differences and similarities between the European and U.S. newly published guidelines.

11:50 am Panel Q&A

12:10 pm Break for Learning Luncheons

OCTOBER 21-22, 2023 (All Times Are PST)

INDICATES LIVESTREAM SESSION FOR VIRTUAL REGISTRANTS

SATURDAY OPTIONAL LEARNING LUNCHEONS | 12:20 PM - 1:35 PM

12:20 pm Optional Learning Luncheons – Choose from 12

(You must register separately for learning lunches. See page 24 for details.)

- 1. Virtual Reality for Virtually Every GI Disease: Is VR Our Next Tesla? Brennan M. Spiegel, MD, MSHS, FACG Discuss how virtual reality can be a useful clinical tool for treating many functional disorders and other diseases and outline potential harm that can also come about from its use.
- 2. The Nutritional Approach to IBD, IBS, and MASLD: Benefits and Caveats Kate M. Scarlata, MPH, RDN, LDN, and Emily A. Haller, MS, RDN Assess an evidence-based approach to the role of diet and nutrition in the management of patients with these GI disorders and identify nutritional deficiencies that need to be addressed.
- 3. Evaluation of Abnormal Liver Tests and the Role of Endohepatology Joseph Ahn, MD, MS, MBA, FACG

Summarize the algorithm and approach for evaluation of abnormal liver tests and review the role of endohepatology including EUS-guided liver biopsy and portal pressure management and how it fits in the evaluation of patients with liver disease.

4. What Your APP Can Bring to Your Practice

Linda Anh B. Nguyen, MD, FACG, and Monica Nandwani, DNP, RN, FNP-BC Explain how subspecialized APPs can enhance a GI practice through clinical expertise, education, and research expertise.

5. Endoscopic Management and Resection of Difficult and Large Colon Polyps

Rahul Pannala, MD

Describe steps, tools, techniques, and options involved in the endoscopic management and resection of large and difficult colon polyps.

6. The Microbiome, Food Sensitivities, and Allergies: How to Evaluate What's Real

Brian E. Lacy, MD, PhD, FACG

Discuss the currently available testing and research in this field with close attention to what's fact and fiction.

7. Cyclic Vomiting Syndrome and Autonomic Dysfunction: Diagnosis and Treatment

Thangam Venkatesan, MD

Differentiate how cyclic vomiting syndrome and postural orthostatic tachycardia syndrome are two distinct disorders with varied treatments based on the most current evidence.

8. Treating the Non-Achalasia Esophageal Disorders

C. Prakash Gyawali, MD, FACG

Outline management tools for the care of patients with various nonachalasia esophageal disorders such as belching, hiccups, IEM, jackhammer esophagus, and distal esophageal spasm.

9. Evaluation and Management of Patients With Non-IBD Chronic Diarrhea Darren M. Brenner, MD, FACG

Discuss the management of non-IBD diarrhea such as infectious, bile acidinduced, malabsorptive, carbohydrate intolerances, and others.

10. Pelvic Floor Dysfunction: How Physical Therapists and Providers Can Co-Manage

Jose M. Remes-Troche, MD, MSc

Explain the techniques used by the physical therapist in treating pelvic floor disorders, such as dyssynergic defecation and impaired propulsion once a correct diagnosis is made by the expert gastroenterologist.

11. C. difficile: Current Advancements

Paul Feuerstadt, MD, FACG Outline current and future therapies for initial and refractory *C. difficile* including fecal microbial transplantation, antibiotics, and others.

12. The Risk of PPI Therapy: What's the Real Story and Are There Better Alternatives Now With PCABs?

Paul Moayyedi, MB ChB, PhD, MPH, FACG Analyze the risks, benefits, and controversies of PPI use and provide an evidence-based approach for incorporating potassium-competitive acid blockers into clinical practice.

1:35 pm Break

SIMULTANEOUS SYMPOSIA | 1:45 pm - 3:00 pm

SYMPOSIUM A: Pancreas: Management Guide for the Practicing Clinician Moderator: Vivek Kaul, MD, FACG | ♥ West Ballroom A

1:45 pm Acute Pancreatitis: Etiology and Management in 2023

Vivek Kaul, MD, FACG Explain the various etiologies of acute pancreatitis along with guideline-based management strategies.

2:05 pm Screening Patients for High-Risk Pancreatic Cancer: When and Who to Evaluate?

Tamas A. Gonda, MD

Discuss the indication, ideal population, role of genetic testing, and radiologic/endoscopic modalities for screening of pancreatic cancer.

2:25 pm Chronic Pancreatitis: Evaluation, Management, and Emerging Therapies

Gregory A. Cote, MD, MS Describe the etiology and evidence-based endoscopic/surgical and medical management of patients with chronic pancreatitis; discuss when a patient should be referred for surgery or other therapies such as stem cell transplantation.

2:45 pm Panel Q & A

EXAMPOSIUM B: Obesity and Liver Disease: What's the Latest? Moderator: Arun J. Sanyal, MD | **Q** West Ballroom B

1:45 pm MASLD: The Future of Antifibrotics

Arun J. Sanyal, MD Discuss current and future treatment modalities for metabolic dysfunction-associated steatotic liver disease (MASLD).

2:05 pm Obesity and Medical Management for the GI Doc

Jennifer Phan, MD Explain the medical management of obesity and ways in which the gastroenterologist can get involved.

2:25 pm Endobariatic and Surgical Management of Obesity Allison R. Schulman, MD, MPH Explain evidence-based management of endobariatic and surgical

Explain evidence-based management of endobariatic and surgical interventions in patients with obesity - where are we now and what is in the future?

<u>SYMPOSIUM C</u>: Autoimmune and Dysbiotic GI Diseases From Celiac Disease to Eosinophilic Gastrointestinal Disorders: What Is the Scoop?

Moderator: Maria I. Vazquez-Roque, MD, MS | 🕈 West Ballroom C

1:45 pm Are SIBO and IBS Autoimmune Responses to Intestinal Dysbiosis?

Ali Rezaie, MD, FACG

Discuss the role of the microbiome in disorders such as IBS, FD, and other related syndromes, and explain how the microbial species may differ in the IBS subtypes.

2:05 pm Are EGIDS a Spectrum of Food Disorders or Intolerances? Maria I. Vazquez-Roque, MD, MS Explain what eosinophilic gastrointestinal disorders are and whether, has a do no current data thay are immune whether disorders are under the

based on current data, they are immune-related disorders or related to food allergies.

2:25 pm Refractory Celiac Disease: What to Do When a Gluten-Free Diet Doesn't Cure

Alberto Rubio-Tapia, MD

Outline the treatment of refractory celiac disease with interpretations of noncompliance versus refractory disease.

2:45 pm Panel Q & A

3:00 pm Break

SESSION 1C: All Things Colon

Moderator: Aasma Shaukat, MD, MPH, FACG

3:20 pm 45 Is the New 50: The New Screening Update and How We Meet the Demands

Aasma Shaukat, MD, MPH, FACG Discuss the new colon cancer screening guidelines from the U.S. and Canada and how the new demands will be met.

3:40 pm Lower GI Bleeding: An Update

Neil Sengupta, MD, FACG Outline the current approach to the patient with lower GI bleeding and discuss best practice guidelines, including "to scope or not to scope?"

4:00 pm SSLs: Detection, Resection, and Follow-Up

Shahnaz Sultan, MD, MHSc, FACG

Describe the endoscopic approach to sessile serrated lesions, as well as mechanisms for resection and follow-up.

4:20 pm Panel Q&A

4:40 pm Take-Home Pearls: What Did We Learn Today?

Shivangi T. Kothari, MD, FACG, Baharak Moshiree, MD, MSc, FACG, and Renuka Umashanker, MD, FACG Recognize important and practical take-home messages from today's talks.

SUNDAY OPTIONAL LEARNING LUNCHEONS | 12:20-1:35 pm

12:20 pm Optional Learning Luncheons – Choose from 12 (You must register separately for learning lunches. See page 24 for details.)

13. Cirrhosis Complications: Esophageal Varices, Ascites, Hepatic Encephalopathy: Update on the Current Management of the Decompensated Cirrhotic

Renuka Umashanker, MD, FACG

Discuss the current guidelines and updates in the management of the decompensated cirrhotic.

INDICATES LIVESTREAM SESSION FOR VIRTUAL REGISTRANTS

14. The Resistant H. pylori: What Do We Do Now?

William D. Chey, MD, FACG

Compare the effectiveness and safety of the quadruple therapy to the new antibiotic plus potassium channel acid blockers (P-CABs) and why antibiotic resistance is important to address.

15. Tips and Tricks for Difficult Biliary Cannulation and ERCP in Special Populations

Prabhleen Chahal, MD, FACG

Explain evidence-based tips and tricks for performing ERCP in difficult cases, altered anatomy, and special populations such as transplant and pregnant patients.

16. Management of Complex Esophageal and Colonic Strictures: What to Do?

Douglas G. Adler, MD, FACG

Summarize the differential diagnosis of complex esophageal and colonic strictures and discuss the role of dilation, stenting, and surgery.

17. Hereditary Cancer and Genetic Syndromes: Essentials for the Boards Danielle E. Marino. MD

Discuss the high-yield genetic and hereditary GI syndromes such as GI cancers and polyposis syndromes, cystic fibrosis, hereditary amyloidosis, EDS, and others.

18. How to Approach Patients With Their Non-IBD Pain

Laurie A. Keefer, PhD, and Sarvee Moosavi, MD Outline the care of patients with chronic pain related to visceral hypersensitivity with a focus on trauma-informed care and complementary techniques.

19. Al and GI: Is It the Future of GI and How You Can Incorporate It in Your Practice

Prateek Sharma, MD, FACG

Summarize the current status and future of the various artificial intelligence platforms and applications in various GI pathologies and how physicians can incorporate AI into their daily practice.

20. Public Policy Updates and Advocacy: Why This Matters to Your Practice *Patrick E. Young, MD, FACG*

Explain the current GI practice landscape and discuss the healthcare policy updates and their impact on various practice settings.

21. Gastric Intestinal Metaplasia and Gastric Polyps: Optimal Resection and Surveillance Strategies

Shailja C. Shah, MD, MPH Discuss the implications, evaluation, surveillance strategy, and management of gastric intestinal metaplasia and various gastric polyps.

22. Ischemic and Vascular GI Disorders of the Gut

David J. Hass, MD, FACG Describe the various vascular disorders including chronic and acute ischemia of the GI tract and their diagnoses and management.

23. Short Gut Syndrome and Nutritional Deficiencies: Approach From a Gastroenterologist and Dietician

John K. DiBaise, MD, FACG, and Kayla Hopkins, MS, RD, LDN Evaluate the treatment strategies and nutritional deficiencies encountered in patients with short gut syndrome, and how to decide who gets parenteral nutrition and what to watch out for.

24. Autoimmune Hepatitis/PBC/Hemochromatosis

Kelly W. Burak, MD, MSc (Epid) Discuss the current approach and treatment algorithms for the common liver consults seen in the GI practice.

Assessment

ANSWERS

Self-Assessment Test

EXAMINATION

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 36.5 Medical

Knowledge MOC points in the American Board of Internal Medicine's (ABIM) and the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) programs. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM and ABP MOC credit.

2023 ANNUAL SCIENTIFIC MEETING

*Underlined names are presenting authors.

• The Annual Scientific Meeting includes simultaneous sessions. Only select simultaneous sessions will livestream to virtual participants. The remaining sessions will be recorded and posted to the Conference Platform as on-

demand content after the meeting.

In-person registrants can attend any of the simultaneous sessions in Vancouver, and will have access to all on-demand sessions through the Conference Platform after the meeting.

PROGRAM DESCRIPTION

Gain insight from the experts, learn practical take-home points, and network with your colleagues when you attend the ACG Annual Scientific Meeting. Throughout the Scientific Meeting, faculty will present the latest in GI and hepatology, and how to incorporate findings into patient care. Hear about the latest clinical research during the free papers/ oral presentation plenary sessions. In addition, there will be several featured lectures by world-renowned experts that delve into deeper discussion on a specific topic.

Twelve scientific symposia and over 60 oral abstract presentations will allow attendees to hear lecture presentations from experts and to participate in interactive question and answer sessions with the faculty. In addition, 15 bonus sessions (formerly the breakfast sessions) will be offered as a separate registration option. Finally, ACG's 11th Annual Endoscopy Video Forum will feature the best video presentations submitted from colleagues from across the U.S. and around the world.

The Annual Scientific Meeting program is designed primarily for physicians in gastroenterology and hepatology, as well as physician assistants, nurse practitioners, and other advanced practice healthcare professionals interested in the latest information on state-of-the-art treatment of these illnesses.

SYMPOSIUM 4A: Emerging Issues in Pancreaticobiliary Disorders Moderator: Anna Evans Phillips, MD, MS | **9** West Ballroom A

Approach to the Patient With Chronic Pancreatitis Pain and Complications

Anna Evans Phillips, MD, MS

Explain the pathophysiology and evaluation of pain and complications in chronic pancreatitis, and summarize the medical, endoscopic, and surgical treatment options available.

• A Comprehensive Approach to Pancreatic Cysts Somashekar G. Krishna, MD, MPH, FACG Discuss the radiographic and endosonographic evaluation of cysts

Discuss the radiographic and endosonographic evaluation of cysts including cyst fluid analysis, surveillance strategies based on existing guidelines, and current endoscopic and surgical management.

• Current Diagnosis and Management of Cholangiocarcinoma Andrew Y. Wang, MD, FACG Describe the diagnosis and staging of cholangiocarcinoma, including imaging, ERCP and EUS, surgical management, and the different

approaches to the palliation of biliary obstruction.

[™] SYMPOSIUM 4B: High Yield Topics: Changes to Bowel Habits Moderator: Paul Feuerstadt, MD, FACG | ♥ West Ballroom B

• Moderation of the Microbiome and *C. difficile* Infection: Have We Finally Made It?

Paul Feuerstadt, MD, FACG

Explain the management of *C. difficile* infection, the microbiome, and new microbiota-based live biotherapeutics.

 Chronic Diarrhea: Diagnostic Algorithm, Differential Diagnosis Work-Up, and Management

Darrell S. Pardi, MD, MS, FACG

Discuss a practical evidence-based approach to patients with chronic diarrhea, and issues of irritable bowel syndrome, bile salt diarrhea, microscopic colitis, and immune checkpoint colitis.

ANNUAL SCIENTIFIC MEETING

*Underlined names are presenting authors.

Chronic Constipation: Is It a Motility Disorder or Something Else?

Lin Chang, MD, FACG

Describe how best to approach the patient with chronic constipation, including identifying and diagnosing motility disorders and those with other etiologies.

ACCREDITATION / CME / MOC

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The American College of Gastroenterology designates this other activity (blended learning) for a maximum of 46.75 *AMA PRA Category 1 Credits*TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AMA PRA Category 1 Credits[™] are awarded as follows: 31.5 AMA PRA Category 1 Credits[™] for the Annual Meeting, and 15.25 AMA PRA Category 1 Credits[™] for the Annual Scientific Meeting Bonus (Breakfast) Sessions (Bonus Session must be purchased separately).

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 46.75 Medical

Knowledge MOC points in the American Board of Internal Medicine's (ABIM) and the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) programs. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM and ABP MOC credit.

On-Demand ANNUAL SCIENTIFIC MEETING **BONUS SESSIONS**

"Meet the Experts" Breakfast Sessions

ACG will again offer its popular "Meet the Experts" sessions on Monday and Tuesday mornings. These in-person, 45-minute sessions are open to all and will be tied to select topic areas from the optional Annual Scientific Meeting Bonus Sessions. Sessions on Monday (7:00 am - 7:45 am) will cover Liver, Endoscopy, GI Bleeding, DEI, and IBD. Tuesday sessions (7:30 am - 8:15 am) will cover Nutrition, IBD, Endoscopy, Liver, and Pancreaticobiliary. Coffee and light breakfast items will be provided. While purchase of the Bonus Sessions is not required to attend these sessions, attendees who have purchased and watched the on-demand Bonus Sessions in advance will benefit most from these casual in-person opportunities for Q&A with faculty experts.

BONUS SESSION A - Hepatology Potpourri

Moderator: Robert J. Wong, MD, MS, FACG

 What's New in the Diagnosis and Management of Acute Kidney Injury and Hepatorenal Syndrome in Patients With Cirrhosis

Patrick S. Kamath, MD

Summarize the approach to evaluation and management of acute kidney injury and hepatorenal syndrome in patients with cirrhosis.

HCC Updates: Diagnosis and Management

Robert J. Wong, MD, MS, FACG Describe updates in the epidemiology and current management approaches of patients with hepatocellular carcinoma.

Challenging Hepatology Consultations: A Case-Based Discussion

Norah A. Terrault, MD, MPH, FACG Discuss the evaluation and management of complex hepatology consults in real-world practice.

BONUS SESSION B - How to Implement New Tools in **Your Practice**

Moderator: Seth A, Gross, MD, FACG

 Are Disposable Endoscopes Ready for Prime Time? **Green Versus Red**

V. Raman Muthusamv MD. MAS. FACG Discuss the recently available disposable endoscopes and their applicability in clinical practice.

• When All Else Fails - New Applications of **Radiofrequency Ablation and Balloon Cryoablation Beyond the Esophagus** David L. Diehl, MD

Describe emerging indications for the use of radiofrequency ablation and balloon cryoablation, including management of gastric antral vascular ectasia and radiation proctopathy.

 Utilizing Artificial Intelligence in Endoscopy Seth A. Gross, MD, FACG Outline current applications of artificial intelligence in gastrointestinal endoscopy, and ways to introduce AI in routine clinical practice.

BONUS SESSION C - Vascular Disorders of the **Gastrointestinal Tract**

Moderator: Christian S. Jackson. MD. FACG

• Ischemic Disease: Colon Ischemia, and Acute and **Chronic Ischemia**

Olga C. Aroniadis, MD, MSc, FACG Highlight the epidemiology, diagnosis, and evidencebased management of colon ischemia, and acute and chronic mesenteric ischemia.

 A Practical Guide to Diagnosing and Managing Angiodysplasias of the GI Tract

Christian S. Jackson, MD, FACG Summarize ways to identify, diagnose, and treat angiodysplasia, including risk factors and predictors of poor outcome.

 A New Organ: The Mesentery and Mesenteric Disease Monjur Ahmed, MD, FACG Discuss the newly-named organ, the mesentery, diseases associated with it, and their diagnosis and management.

The Annual Scientific Meeting Bonus Sessions will only be available as prerecorded sessions on the ACG Conference Platform. There will be no in-person Bonus Sessions offered in Vancouver, and they will not be livestreamed. <u>Separate registration is required</u>. To register, visit **acgmeetings.gi.org/registration**

<u>BONUS SESSION D</u> - Incorporating Health Equity, Health Disparity Training, and Diversity Into Our Practices

Moderator: Renee L. Williams, MD, MHPE, FACG

 Laying the Foundation for Understanding Health Disparities and Social Determinants of Health Determinants (1997)

Patricia Ajayi-Fox, MD Outline key concepts in health disparities and social determinants of health.

- Incorporating Health Equity Training Into GI Fellowship Renee L. Williams, MD, MHPE, FACG Summarize the various curricular tools for incorporating health equity training into GI fellowship.
- Incorporating DEI Into GI Faculty Practice Laura Targownik, MD Define diversity, equity, and inclusion in the GI workforce, barriers, and practical steps for incorporating diversity in the physician workforce.

BONUS SESSION E - Management of IBD Through the Ages Moderator: Adam S. Faye, MD, MS

• From TikTok to Transitions: IBD Care for the Young Adult Sandra Kim, MD

Explain strategies for continuity of IBD care, tools for advocacy, adherence to treatment, and access to affordable care.

IBD Before, During, and After Conception

Vivian Huang, MD

Summarize the latest evidence for diagnostic and therapeutic management of IBD and family planning for both men and women.

• **Practical Considerations for the Care of the Older Adult** Adam S. Faye, MD, MS

Identify diagnostic and treatment strategies for the older IBD patient, factoring in age-related variables which impact disease course.

BONUS SESSION F - You Are What You Eat: Practical Dietary Advice Beyond FODMAPs

Moderator: Anthony J. Lembo, MD, FACG

• Food Allergy Testing: If, When, and How to Do It Anthony J. Lembo, MD, FACG

Identify appropriate patients who might benefit from food allergy testing, delineate methods of testing, and appreciate clinical situations and patient populations.

• Disaccharidase Deficiencies: More Common Than You Think Lavanya Viswanathan, MD, MS

Outline prevalence of various disaccharidase deficiencies in adults (including congenital sucrase isomaltase deficiency), appropriate diagnostic methods, and management strategies.

 Ask the Dietitian: Expert Resources You Can Give Your Patients

Emily Haller, MS, RDN

Explore various dietitian-recommended patient resources addressing functional bowel disorders, such as apps, books, websites, and other resources.

BONUS SESSION G - How Comorbidities Impact Treatment Decisions in IBD

Moderator: Bincy P. Abraham, MD, MS, FACG

- The Patient With Cardiovascular Risk Factors Bincy P. Abraham, MD, MS, FACG Summarize an approach to IBD-related decision-making and monitoring for the patient with cardiac comorbidities or risk factors.
- The Patient With Thromboembolic Risk Factors David T. Rubin, MD, FACG Identify, treat, and monitor higher-risk IBD patients for thromboembolic disease.
- The Patient With Obesity

Amanda M. Johnson, MD Highlight the medical and surgical treatment options for obese IBD patients.

ANNUAL SCIENTIFIC MEETING

BONUS SESSION H - Endoscopic Challenges in Everyday Practice: What Do I Do Next? Moderator: J. Andy Tau, MD

• I Am Called in for an Active Upper GI Bleed: How Do I Best Manage It?

J. Andy Tau, MD Summarize the endoscopic armamentarium and the new available tools to manage GI bleeding.

• I See a Large Polyp During Routine Colonoscopy: How Do I Deal With It? Mohit Girotra, MD, FACG Analyze the role of endoscopic evaluation and resection techniques of large colon

or resection techniques of large colon polyps.
My Patient Has a Perforation: What Do I Do?

Rabia A. de Latour, MD Discuss the endoscopic toolbox and multidisciplinary management for managing perforations encountered during a procedure.

BONUS SESSION I - Holistic Approach to Common Liver Diseases – Practical Case-Based Discussions

Moderator: Ayse Aytaman, MD, FACG

 Management Approach to Patients With Alcohol-Associated Liver Disease

Atoosa Rabiee, MD

Describe the multi-disciplinary teambased approach to managing AALD, the roles of physicians, advanced practice providers, pharmacists, and social workers, and the barriers to effective clinical care.

Comprehensive Management of MASLD: Navigating the Clinical Care Pathway Rohit Loomba, MD

Discuss the importance of a multidisciplinary approach to comprehensive management of patients with metabolic dysfunction-associated steatotic liver disease (MASLD), and understand potential disparities in timing of care.

• Navigating the Continuum of Care for Patients With Cirrhosis and HCC

Ayse Aytaman, MD, FACG Summarize the advantages of comprehensive team-based clinical management of patients with cirrhosis and cirrhosis-related complications. BONUS SESSION J - Endoscopy in the Management of Pancreatico-Biliary Disorders - A Video-Based Session Moderator: Linda S. Lee, MD, FACG

• Endoscopic Management of Acute Pancreatitis Complications

Linda S. Lee, MD, FACG Explain the endoscopic techniques used in the management of pancreatic fluid collections and pancreatic duct leaks in the setting of acute pancreatitis.

• EUS-Guided Management of Cholecystitis

Douglas G. Adler, MD, FACG Describe the endoscopic approach to EUS-guided interventions in cholecystitis, including patient selection, technical aspects, and success and complication rates, as well as alternative surgical and radiologic methods.

• Evaluation and Resection of Ampullary Lesions

Adam Slivka, MD, PhD Explain the radiologic and endosonographic evaluation of ampullary lesions, indications for endoscopic versus surgical intervention, achieving complete resection and ensuring biliary and pancreatic drainage, and immediate and delayed complications.

<u>BONUS SESSION K</u> - Barrett's Esophagus: Debates, Controversies, Difficult Cases, and More!!

Moderator: Shivangi T. Kothari, MD, FACG Debate Panelists: Nicholas J. Shaheen, MD, MACG; Harshit S. Khara, MD, FACG; and Vani J.A. Konda, MD, FACG

Explain the role of endoscopic treatments, radiofrequency ablation, and cryotherapy in the management of dysplastic and nondysplastic Barrett's esophagus, and apply the surveillance guidelines for long-segment Barrett's esophagus.

<u>BONUS SESSION L</u> - Going Green in Gastroenterology

• Healthcare and the Environment: What the GI Needs to Know

Silvio W. de Melo, Jr., MD, FACG Assess the impact on the environment of gastroenterology and endoscopy practices.

• The Economic Impact of GI Innovations: Pros and Cons

Swapna Gayam, MD, FACG Discuss the potential ecological and financial impact of "going green," and the impact of disposable instruments including endoscopes.

 GI and Industry Partnership for Ecological Sustainability Heiko Pohl, MD Outline recommendations for creating an ecological partnership between gastroenterology practice and industry.

BONUS SESSION M - Evidence-Based GI Editors' Roundtable: 2023 Year in Review -The GI Research That Changes Patient Care

 An Introduction to ACG's New Evidence-Based GI Journal and Its Goals

Philip S. Schoenfeld, MD, MSEd, MScEpi, FACG

Summarize the ACG Evidence-Based GI Journal, its goals and structure, and how the clinician can utilize it in their practice.

• Esophageal Potpourri: Proton Pump Inhibitors, PCABs, and Eosinophilic Esophagitis

Jennifer M. Kolb, MD Highlight esophageal topics covered in 2023 in ACG's Evidence-Based GI Journal.

- Inflammatory Bowel Disease: Making Sense of New Treatment Paradigms Jessica R. Allegretti, MD, MPH, FACG Discuss high impact IBD topics from 2023 in ACG's Evidence-Based GI Journal.
- Optimizing the Quality of Colorectal Cancer Screening

Philip N. Okafor, MD, MPH, FACG Outline an overview of colorectal cancer manuscripts published in 2023 in the ACG Evidence-Based GI Journal.

On-demand BONUS SESSIONS

BONUS SESSION N - Complications of IBD or Its Therapies

I'm Burning Up – To Treat or Not Treat

Francis A. Farraye, MD, MSc, MACG Differentiate between infectious symptoms related to IBD that warrant treatment and holding immunosuppression versus continuing IBD care.

• Everything Hurts – Management of Joint Pain in IBD David P. Hudesman, MD, FACG Recognize extraintestinal joint manifestations of IBD and medication-associated, joint-related adverse effects of IBD

treatment.
I'm So Tired: Tips to Address Fatigue in IBD

Dawn M. Beaulieu, MD, FACG

paths to ownership.

Highlight diagnostic and management strategies to address disease-associated and treatment-related fatigue among IBD patients, including iron-deficiency anemia, hypothyroidism, and malnutrition.

BONUS SESSION O - Practice Structure and Compensation

- GI Practice: Structure and Ownership Ann M. Bittinger, JD Distinguish the different models of GI practice structure and
- **Compensation Models and Incentives** *Harish K. Gagneja, MD, FACG* Compare various methods of compensation and appraise varied incentive models.
- Payor Contracting and Revenue Cycle Management Vonda G. Reeves, MD, MBA, FACG Compare various methods of contract negotiation and collecting patient service revenue.

<u>CG 2(</u> Meeting,

Included with your registration is complimentary access to the course presentations via the ACG 2023 Meeting app, which will be available within the

ACG Mobile app. (**NOTE: A printed syllabus will not be provided**.) The app can be used to view faculty presentations on mobile devices, and offers note-taking and highlighting capabilities. Pre-registrants will receive access to the app prior to the course, to view, download, or print the presentation slides. On-site attendees can use the app to download slides onto a mobile device and take notes during the presentations, view speaker bios and the list of exhibitors, view the ePosters, and much more! Handouts and slides will remain available on the ACG mobile app after the ACG 2023 Conference Platform closes until March 31, 2024 (see page 8 for details about the platform).

OUTSTANDING POSTER PRESENTER RECOGNITION

The College is pleased to continue the tradition of presenting awards for "Outstanding Poster Presenter" at this year's ACG Meeting in Vancouver. ACG hopes to cultivate the ability of clinical GI researchers to use critical storytelling and presentation skills essential for a career as a clinical investigator and scientific communicator. During the daily Poster Rounds with the Experts, poster presenters may be invited to give a succinct and informative two-minute briefing on their research, followed by one minute of Q&A with a faculty judge. Each judge will select one or more presenters who are best able to communicate their key findings, the significance of their data,

and articulate the potential impact of their work for clinicians and patients. Recipients of this award will be recognized with a red ribbon, and will later receive a certificate of recognition. Please note that only those poster presenters who display posters in-person in Vancouver will be eligible for this special designation.

ACG 2023 EXHIBIT HALL

The science and technology of medicine is ever-changing and advancing the practice of gastroenterology. The ACG 2023 Exhibit Hall will showcase these latest advances in technology and therapeutics. More than 150 companies will display and demonstrate their products and services, live in Vancouver. With the variety of exhibitors expected to participate, there will certainly be displays of interest for all attendees. Exhibiting companies include pharmaceutical manufacturers, medical instrument suppliers, research companies, technology companies, publishers, non-profit organizations, recruiters, and many others.

Immediately following the conclusion of the Postgraduate Course on Sunday, October 22, join colleagues for the ACG 2023 Opening Welcome Reception in the Exhibit Hall from 5:30 pm – 7:00 pm. The reception will feature hors d'oeuvres and refreshments. This casual social gathering will give all attendees the opportunity to explore the Hall, meet with exhibitors, and network and mingle with fellow professionals. The Exhibit Hall Opening Welcome Reception is brought to you by AbbVie.

AGAIN THIS YEAR, for the ACG Annual Scientific Meeting, ACG will consider late-breaking abstracts of high quality clinical research results. ACG will consider extending the program to create a few additional oral presentation slots in response to submissions of great merit and clinical interest.

Please do not resubmit abstracts already considered during the regular 2023 abstracts review process.

Late Breaking Abstract Submission Period Opens Tuesday, August 1, 2023.

Deadline to submit late-breaking abstracts: **TUESDAY, AUGUST 15, 2023** 11:59 pm Eastern Time
